The Backlog is published yearly by David Lipscomb College, Nashville, Tennessee 37203-6001. David Lipscomb College is a private Christian college open to any qualified student without regard to race, religion, sex, color, national or ethnic origin, or physical handicap. In a manner consistent with all applicable laws and regulations, it does not discriminate on the basis of race, religion, sex, color, national or ethnic origin, or physical handicap in the administration of its educational policies, programs, and activities, including its admission policies, scholarship and loan programs, employment practices and athletic and other school administered programs, except where necessitated by specific religious tenets held by the institution.

Yes, David Lipscomb College is building a future. With the beginning of the "Golden Decade" came the start of a multi-million dollar building program. Students began witnessing the changes in the spring of 1982. Work on the new women's dormitory began then. During the summer of 1982, the school purchased and installed its own computer. The terminal room was also expanded to house twenty-five terminals and two new computer majors were offered. The fall of 1982 saw the completion of a new parking lot and a new sign marking the Belmont Boulevard entrance. Work on the Axel Swang Business Center also began in the early fall.

Even though this new construction will play a vital function in the future, one cannot overlook the present structures, faculty, administration, and students. They are the college, they preserve its life and continue its long tradition of excellence. The students are taught by distinguished, experienced, and loving Christians—men and women who are leaders in their fields. Students are in turn trained to be leaders in their fields. They learn from classroom lectures, yet they also learn by Christian example.

Yes, futures are being built at David Lipscomb College. The institution is growing, expanding and looking toward its future needs. However, the most important development is seen in the students. They are growing mentally, physically, and spiritually to become builders in their careers and in the Lord's church.

President Willard Collins

What would Lipscomb be like without Willard Collins? Students presently enrolled at Lipscomb now find it hard to imagine what the school ever did without him . . . ever did without his off-the-wall chapel announcements ("I've never been so high on the stage in Alumni Auditorium" . . . "another fine couple who met here are getting married . . . " . . . "We don't want any boos in McQuiddy gym") . . . ever did without that famous smile and booming, slightly off-key bass voice that lingers on the final note of a chapel song about two counts longer than the songleaders?

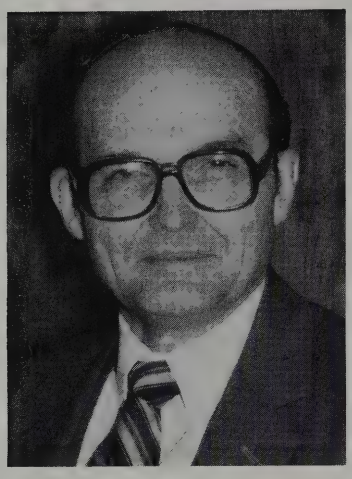

In short, Lipscomb *is* Willard Collins. All the things the school strives to be are exemplified in his life. He loves God and has made the church the center of his life . . . he is a family man devoted to his wife Ruth (whom he met at Lipscomb) and his daughters (who both went to Lipscomb) . . . he believes in the value of education and the necessity of learning in a Christian environment . . . he is known throughout the brotherhood as a kind, funny, hard-working administrator with a soft spot for young people and a desire to help them find happy futures in the church.

In 1983 Collins devoted most of his time to settling the Burton Farm issue. Lipscomb attempted to rezone 192 acres of land the school owned but faced problems with metro traffic officials and neighbors of the still undeveloped area who fear congestion and traffic difficulties. Collins met throughout the year with various councils and groups but the issue remained unsettled in June.

Sarah Keith Gamble
Associate Dean of Students

Jim Thomas became acting Dean of Students in September. Within five months, he had handed in his letter of resignation to Vice President Carl McKelvey. What happened?

Thomas admits he had doubts about the job before he took it. He had done his thesis on student retention—that is, keeping students in school. Thomas had dreams of how he could use his philosophy in his new position not to remove students from school, but to keep them there.

Unfortunately, it didn't work as he'd hoped it would. Students continued to break the rules, just as they had under previous deans, and after they had been reprimanded, they broke them again. The only option was dismissal, and Thomas had a hard time being the one to close the door behind them.

The job also demanded a great deal of time, more than Thomas had anticipated. During the fall quarter Student Personnel Deans held six hundred and fifty-five conferences. There were many nights when he didn't get home until after 8:00 and didn't see his three-year-old daughter or his new son. Thomas, above all, is a family man, and the time element involved, combined with the basic contrast in his philosophy and the duties of the position, led to his resignation.

Dr. Jimmy Thomas
Acting Dean of Students

But Thomas was offered a new position at Lipscomb to begin the next quarter. What is the position? "Director of Student Retention and Assistant Registrar". The year was a roller coaster ride for Thomas, but it ended on a definite high. He may have given up the deanship, but, seeing what lay ahead of him, he has no regrets.

When one entered the office of Student Affairs, he saw Mary Proctor's desk sitting halfway between two doors. To the left was Dean of Students Jim Thomas . . . to the right was Associate Dean of Students, Sarah Keith Gamble.

The office of Dean of Students handles any problems remotely related to the students and their activities, authorized or, most frequently, unauthorized. Thomas acknowledges that he depended heavily on Gamble this year and that she made his term as dean a lot easier.

Gamble worked closely with various student leaders—club leaders and ASA president and secretary Steve Clark and Annette Alexander on everything from elections to curfew, just a few of the areas her office was responsible for handling.

The Department of Art hopes to add two courses, one in housing and the other in interior design, both designed to develop a minor in interior design. Another course in color theory which will meet the needs of both the interior design students and art majors is being structured.

The incoming students seem especially talented this year. The department is expecting steady growth in the near future.

The art fraternity, Alpha Rho Tau, sponsored a sketching trip to Smithville to sketch an old mill and waterfall. Another photography trip was taken to Gatlinburg during October and a starving artists party was held at the Hutcheson residence. In December a Christmas party was planned. The winter quarter was spent by the fraternity building the set for Homecoming. Several local art shows were visited and a trip to Crossville and Fall Creek Falls was planned for the spring.

Bible

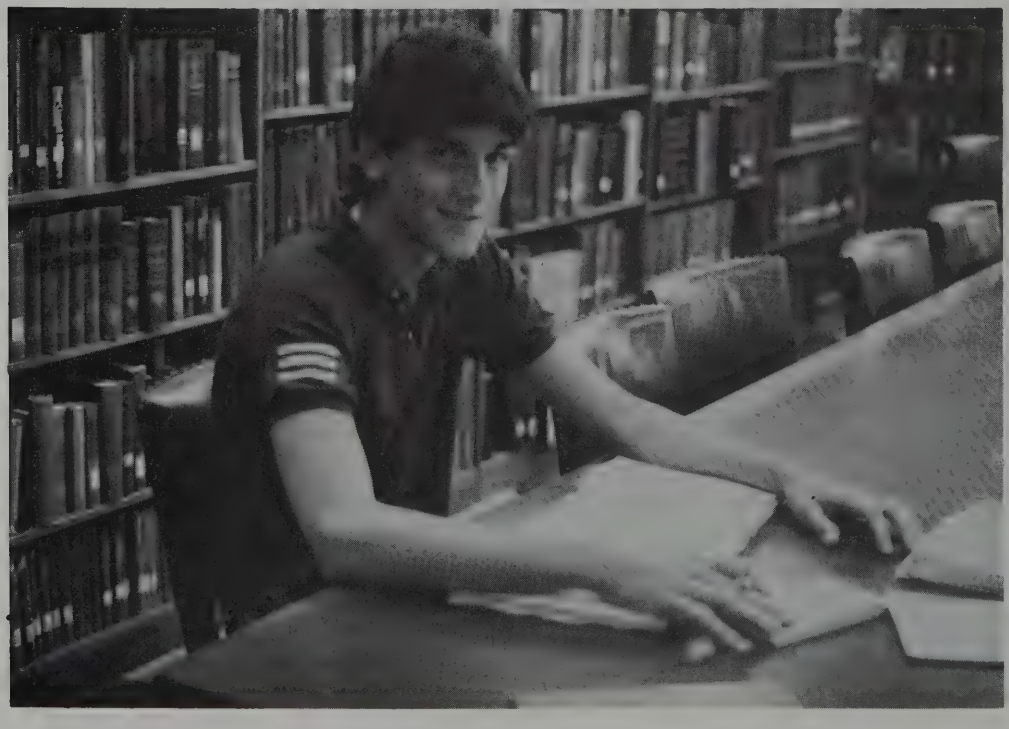

From the beginning of the school in October of 1891, the Bible has been the most important area of instruction for all students. It has been the conviction of those who conceived and started the school, as well as those who have continued it, that every student should study the Bible every school day. No matter what his or her major interest or ultimate life work, every student needs a thorough knowledge of the principles of right living which are taught in God's Word. The inspired scriptures are studied exegetically and by subjects in the daily Bible classes. In view of the daily Bible classes, it can be said that every Lipscomb graduate unofficially "majors in Bible." Those who choose to major in Bible in the official sense may choose to specialize in one of the following areas: preaching, missions, religious education, youth ministry or Biblical languages.

Lipscomb is building on this heritage of soundness of instruction by establishing a master's degree program in Bible to begin in the 1983-84 school year. The program is designed to provide additional training for those who preach, and for others interested in a serious study of the Bible, such as teachers, education directors, missionaries and counselors. An intensive study of the scriptures, aimed at a knowledge of Bible content instead of a research program, is featured in the curriculum.

The purpose of the program in biology at David Lipscomb College is to enable the student to develop a basic understanding of and an appreciation for the biological world of which he is a part. The curriculum is designed to meet the needs of those students who plan to enter graduate and professional schools, those who plan to teach and those who plan biology-oriented careers. Opportunities are available for both laboratory and field experiences, independent research and membership in the student chapter of the American Institute of Biological Science.

The department is housed in a modern, fully-equipped facility. The program of study is relevant, and the faculty is interested in assisting the students in achieving their career goals.

Years of dreaming and planning became reality at the official groundbreaking ceremony for The Axel Swang Center for Business Administration on August 21, 1982. Actual construction on the building began on Tuesday, October 5, 1982—Lipscomb's 91st birthday!

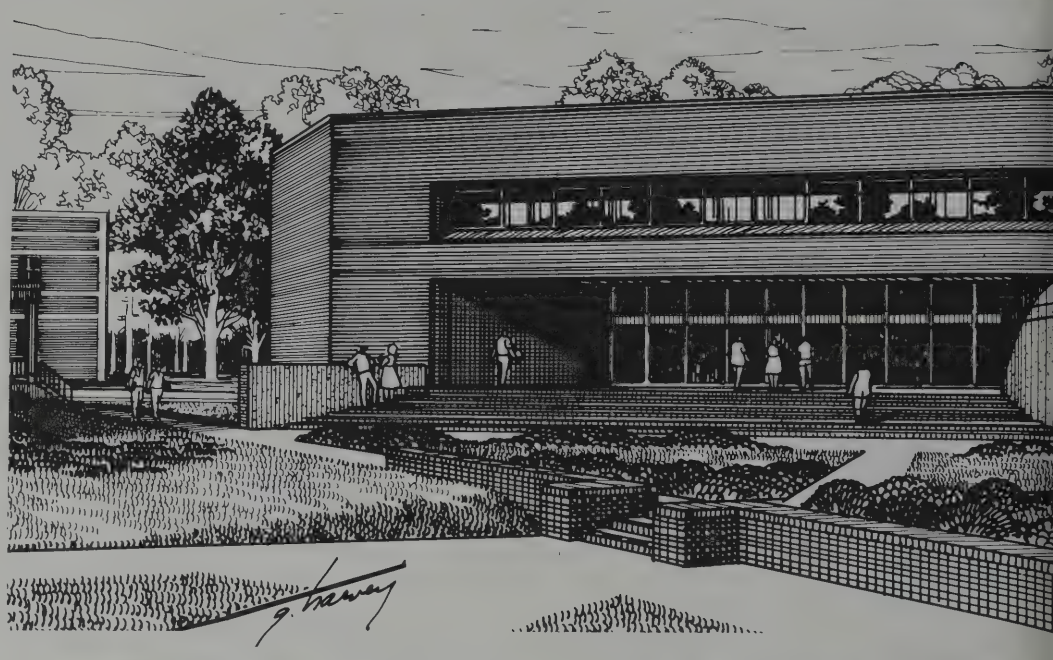

The new business administration building is estimated to cost $1,933,400. Of this amount, $1,200,000 has been received in cash and pledges. Over 300 graduates of the department have already made pledges and contributions toward the building. In addition, a number of graduates have accepted the responsibility of contacting fellow graduates to encourage them to also contribute toward making this critically-needed building a reality.

Business Administration

In addition to providing an auditorium, two large lecture halls, four large classrooms, and offices for the faculty and clerical staff of the Department of Business Administration, the building will also have spacious labs for typewriting, transcribing and word processing. The word processing center will be on-line with the VAX 11/780 computer. A computer center containing twenty computer terminals will be installed in the new building with room for expansion as needed. Additionally, conduits are to be installed which will allow other uses of the computer in the future, especially in the teaching process.

The Axel Swang Center for Business Administration will provide a much-needed classroom facility as well as the latest in technology and equipment to insure that Lipscomb's graduates continue to be fully prepared for employment in today's business world as well as meeting the challenges of the future.

The newest additions to the Department of Business Administration staff are Dr. George W. Boulware and his wife, Jeanna Boulware. Dr. Boulware came to Lipscomb from Golden Gate University where he served as Dean of the College of Business and Public Administration. Dr. Boulware is currently teaching in the areas of management, and economics as well as providing expertise in preparing the proposed curriculum for a major in marketing. Jeanna Boulware is currently teaching public finance, organizational management as well as reading and research sessions in management.

Business Administration

Another new member of the Department of Business Administration is Robert Jackson. Prior to coming to Lipscomb, Jackson was employed by an investment company and taught at Ohio Valley Christian College. He is teaching management and economic courses.

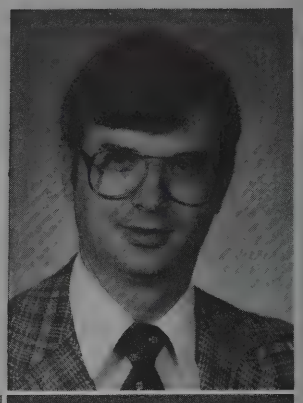

The staff of the department has formulated a proposal for a major in marketing, which has been approved by the Academic Affairs Committee. The staff feels this major is important because of the current demands in the business community for graduates with expertise in this vital area. Since so many of the core courses required for this major are already a part of the department curriculum, the new major can easily be placed into operation.

During the past year, many improvements have been made within the Department of Chemistry. A new infrared spectrophotometer was purchased and was connected to the computer. This instrument will be used by all students of the sciences. A constant temperature, constant humidity unit was installed in the instrument room. Dr. David Johnston has collaborated on a revised edition of **Chemistry: Man and Society.** A full-time stockroom manager, Tony Lingbawen, has been employed. The department continues to have a high percentage of students who major in chemistry to enter medically-related professional schools and graduate schools.

Pi Alpha Chi is the physics and computer science club on the Lipscomb campus. The club consists of about 40 members. The club presents many programs for its members that show many different views of the world of physics and computer science. There were several speakers this year such as Dr. Frank Kyles, Mr. Al Austelle, and Mr. Perry Moore. The club also enjoyed a presentation from a computer store and a club picnic at the home of the sponsor, Dr. Fletcher Srygley.

The David Lipscomb College Computer Center has grown from a purely academic facility into a complete computer resource for both the administrative needs and the academic needs of the college, the high school, the middle school and the elementary school. The current computer system has been in operation since August 30, 1982 and served more than 400 students in Computer Science classes during the fall quarter of 1982. There are currently 25 terminals available to students and four other terminals for the faculty and system use. When the Swang Center is completed, it will contain 20 more terminals for student use. When the Swang Center is completed, it will contain 20 more terminals for student use. The administrative applications will be using a package of programs developed by the POISE Company. Registration, student records, business office records, admissions and development as well as the grade reporting and class scheduling for the high school, middle school and elementary school will utilize this package. The 1982-83 school year was used for readying these packages for use. Full operation was expected for the Registrar's Office by summer quarter 1983 and the Business Office by September 1983.

It is the responsibility of the Department of Education to offer the professional courses required to prepare students to teach in elementary and secondary schools. The courses in this department deal with foundations of education and methodology climaxing in the student teaching experience. A teacher education student completes twenty percent of his work in this department and eighty percent in other departments throughout the college.

During the past year, changes in the elementary education major were finalized. These changes will become effective for those graduating after September 1, 1984. Keith Nikolaus, who presently is working toward the completion of his Ed.D. degree at Tennessee State University, joined the faculty in the fall of 1982.

The Teacher Education program at Lipscomb is accredited by the National Council for the Accreditation of Teacher Education. The members of the Department of Education faculty cooperate with the Teacher Education Committee in efforts to continually improve our programs for elementary teachers and high school teachers who may select majors in 17 different departments.

The Student Tennessee Education Association, sponsored by the department, offers opportunity for prospective teachers to participate in professional activities.

Row two: Karen Mauney, Judy Holmes, Benicia Rutledge, Barry Poyner, Paula Jo Carpenter, Susan Burden, Jennifer Gentry.

English

The Department of English has had several new teachers this year. Kim McFarlin plans to develop the help laboratory ELF (English Laboratory-Free) and to advertise its services so that any student needing help may know of its availability. Carolyn Baker and Bonnie Adams are former English majors from Lipscomb who are teaching two freshman classes each. Matt Hearn is working on a degree at Vanderbilt. Also at Vanderbilt University is Steve Prewitt, who will return to Lipscomb upon the completion of his doctorate. Wayne Garrett is also scheduled to return to Lipscomb after finishing his doctorate work at the University of Tennessee.

Sigma Tau Delta is a national English honor society dedicated to the appreciation and advancement of English. This year the club presented the film, "Barn Burning," and a poetry reading by a guest speaker. Sigma Tau Delta also hosted an English faculty reception and assisted with the 1983 Conference of the Tennessee College English Association. The chapter attended various Nashville theatre productions and planned a cookout for the year's final activity.

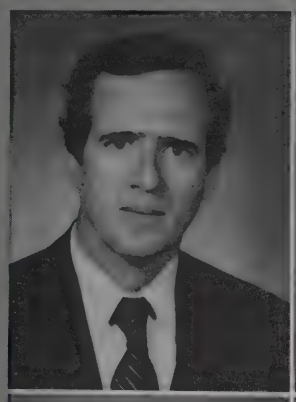

"Jump Rope for Heart" was one of the many activities health and physical education students enthusiastically supported.

Health and Physical Education

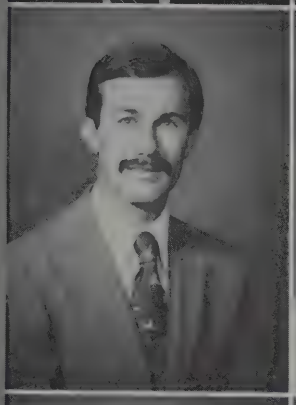

The Department of Health and Physical Education of David Lipscomb College has two major purposes. One purpose is to develop competent teachers and leaders in the fields of health education and physical education. Development of ability for those who are interested in coaching is one area of emphasis in this first major purpose. The second purpose of this department is to provide instruction in a wide variety of sports and recreational activities for all students enrolled at Lipscomb. All Lipscomb students are required to complete three quarter hours of physical education activity courses before graduation. These courses are planned to provide organic development of the body, to develop skills in different sports that can be enjoyed throughout life, and to assist students in developing socially, emotionally and spiritually.

A major in physical education or in health and physical education implies the acquisition of teaching skills in several activities. There are many opportunities to use these skills in employment outside the teacher certification area. These opportunities are found in boys' and girls' organizations, in industry, in hospitals, in rehabilitation centers and in homes for the elderly. The major in health and physical education without teacher certification is designed to meet the needs of those who choose to work in positions outside the regular school teaching situation.

Writing continues to be an important activity for the faculty of the Department of History and Political Science.

Dr. Robert E. Hooper, chairman of the department, has written eight articles for the **Encyclopedia of Religion in the South.** The articles deal with personalities in the church of Christ, including David Lipscomb, James A. Harding, Tolbert Fanning, B. C. Goodpasture, N. B. Hardeman, A. G. Freed, J. D. Tant and Yater Tant.

Hooper said the book is due out in the spring. It is being edited by Samuel Hill, University of Florida, and is to be published by the Mercer University Press.

James Lee McDonough, the Justin Potter Distinguished Professor of History, has just completed with Tom Connelly a manuscript for a book on the Battle of Franklin. The book is to be published in the fall of 1983. He is also finishing a manuscript on the Battle of Chattanooga to be printed by the University of Tennessee Press.

Patrick Deese, professor of political science, is co-authoring a book on Tennessee politics with Lee S. Greene, of the University of Tennessee.

Connie Mauney, assistant professor of political science, published a book, **Status Offenders and the Law: A Metropolitan Case Study.** The book was sponsored by the American Association of University Women. She presented her research findings at the Western Political Science Association Meeting in San Diego, California.

David Foy, assistant professor of history, has had a manuscript accepted for publication in the fall. The book is entitled **For You The War Is Over.**

Home Economics

This fall Phi Alpha Theta, the international history honor society, sponsored the successful "Crises in Modern Culture: A Christian Perspective" lecture series, which lasted eight weeks and featured various faculty members. The society also hosted several historical films and well-known speakers who are authorities in their area of history. Phi Alpha Theta also held several social events for the members of the Epsilon Chi chapter.

President, Nina Jones; Vice President, Melanie Loyd; Secretary, Stephen Henry; Treasurer, David Hughett; Historian, Bobby Brandon.

The Department of Home Economics has four full-time faculty members. Eva Redmon, assistant professor and chairman of the department; Lynn Henderson, Jennifer Ross and Kathy Askew, instructors.

Two clubs are affiliated with the department: Delta Theta Pi, the home economics club, and the Dietetics Club. Students who are members of the Dietetics Club can also become Junior Members of the American Dietetic Association and Student Members of the Nashville District Dietetic Association.

The Department of Home Economics is adding an area of emphasis in community nutrition to the Plan IV program in dietetics. The new emphasis will enable the student to work as a nutritionist with a government public health department.

Library

Grisman Memorial Library contains more than 147,000 volumes, including a well-balanced collection of books, periodicals, and nonbook materials (including microform) selected to support the curricular needs of the students and faculty. The library is considered the "heart" of a college, and students are encouraged to make the library an integral part of their education while at Lipscomb. Provision is made for bibliographic instruction on an individual or group basis in an effort to acquaint users with materials and to assist them in becoming independent users of libraries.

There is a constant and growing demand for training in the mathematical sciences in our modern technological society. Students may select from a wide range of course offerings including courses designed for general education, for pre-professional studies (engineering, medicine, law and so forth), and for major programs. Both the B.A. and B.S. degrees are offered with either the regular major or the teaching major in mathematics.

Professional opportunites in mathematics are plentiful and varied. The regular major program is designed to prepare the student for graduate study or work in government and industry. Such fields as operations research, statistics, computer science and actuarial work are open to majors in mathematics. The teaching major program prepares the student for teaching at the secondary school level. The demand for teachers in mathematics has exceeded the supply for several years, and this trend is expected to continue.

Modern Languages

Gladys E. Gooch, M.A.
Charles H. McVey, Jr., Candidate for Ph.D.
Sara W. Whitten, Ph.D., Chairman

Future plans for the Department of Modern Languages include trying to interest more students in the study of a foreign language and to produce more majors. Dr. Sara Whitten, chairman of the department, states, "Those who major with us are outstanding. Two French students have applied for Fulbright scholarships to study in a French-speaking university. Four students were part of a study-travel program in France this past summer. The quality of our program is good, the quantity needs improvement." Several students within the department plan to be missionaries in a country where the language studied is spoken. The teacher education and the bilingual secretarial programs continue in force.

There are no organized clubs within the department. However, the classes have at least one party per year when they eat, sing and do skits in the language studied. Opportunities to converse in the language are offered in the classes themselves.

The academic program and performance activities of the Department of Music have been directed by seven full-time faculty members this year, supplemented with private instruction by local performing musicians on some instruments. The department provides a curriculum for majors and minors in applied music and music education. In addition to academic courses, which include elective and general education courses for all students on campus, the performing organizations involve students from all departments. The ensembles include the A Cappella Singers, Chorale, Concert Band, Early Music Consort, Jazz Band, and Women's Choral Ensemble.

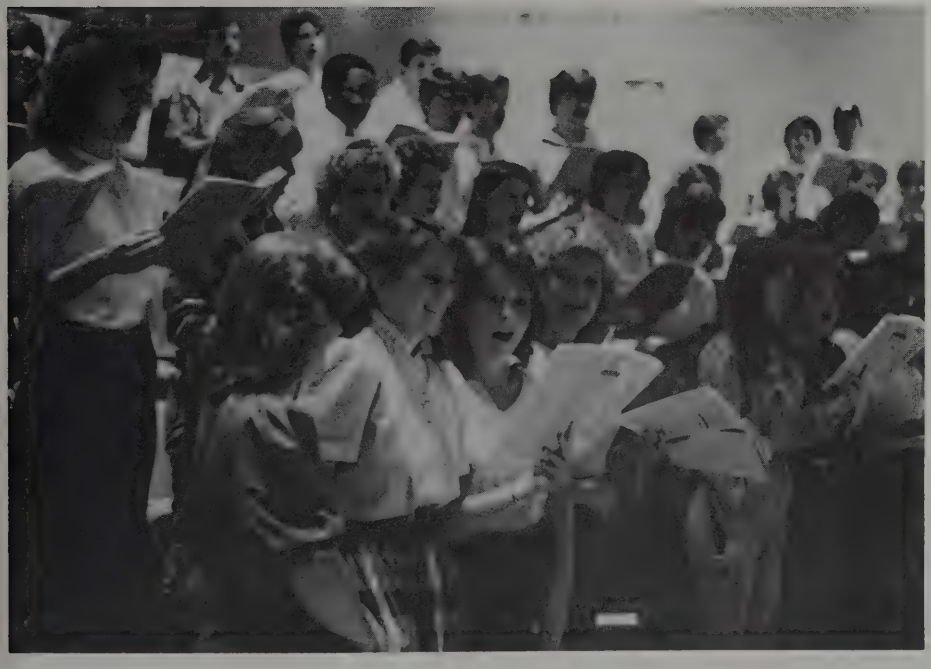

Concert tours by three ensembles this year presented performances in Kentucky, Ohio, Michigan, Illinois, Missouri and Tennessee (A Cappella); Alabama, Florida and Georgia (Chorale); Kentucky, Indiana and Missouri (Concert Band). Other major activities of the department included the second annual Madrigal Dinner, Early Music Consort; "The Music Man;" third annual Opera Gala; eighth annual Christian High School Choral Festival; the "Stabat Mater" (Rossini); and "Choral Fantasia" (Beethoven).

Phi Mu Alpha is a professional music fraternity for men. They encourage the highest standards of creativity, performance, education, and research in music while instilling in all people an awareness for music's enrichment of the human spirit. The organization promoted musically related activities on campus and in the community. They contributed their abilities to the school by producing the annual student talent show under the auspices of the All Student Association.

Phi Mu Alpha—Row one: Ralph Davis, Dale Denny, President; John Bass, Historian; Tim Palmer, Secretary; Craig Lanham, Eddie Steed, Bob Moore, Rusty Roden. Row two: Doyle Smith, Keith Hardy, Vice President; Steve Rhodes, Sponsor; Robin Kendrick, John Bowen, Stephen Henry, Gene Wright, Gary Southerland, Michael Thornton, Chaplain.

Sigma Alpha Iota

Sigma Alpha Iota is an international music fraternity for women. Its purpose is to further the highest standards of musicianship. This year ΣAI has given numerous receptions, performed at the Lakeshore Home for the Aged and the Cameron Highlander House Restaurant, and participated in province and national projects.

Sigma Alpha Iota—Row one: Emily Lester, Vice President; Karen Bowen, President; Jennifer Neely, Treasurer. Row two: Valerie Rice, Editor; Elyssa Hood, Chaplain; Angela Darrow, Recording Secretary; Jennifer Thornton, Karen Mauney, Corresponding Secretary.

David Lipscomb A Cappella Singers—Row one: Barbara Carey, Sammye Patten, Bob Moore, Trish Jackson, Jim Gentry, Paige Burke, H. Putnam Reeves, Director; Beth Raines, John Jackson, Valerie Rice, Rusty Roden, Karen Mauney. Row two: Kathy Wood, Jeff Sweet, Debbie Bryan, Robin Kendrick, Elyssa Hood, Dale Denny, Jennifer Thornton, Mike Polutta, Julie True, Mike Thornton, Stacey Lewis. Row three: Mary Lou Ratliff, Tom Ellis, Regina Santos, Bill Carney, Jennifer Neely, Jeff Coalsen, Kim Fatzinger, Keith Fussel, Connie Akins, John Bass, Angy Silvertooth. Row four: Emily Lester, Kent Ramsey, Leisa Proffit, Paul Springer, Nancy McDaniel, John Bowen, Angela Darrow, Craig Lanham, Nancy Fisher, Gary Southerland, Karen Bowen, Tim Palmer, Anna Byrd

The A Cappella Singers, Lipscomb's oldest choral group, experienced quite a busy year with the return of their director, Dr. Putnam Reeves. In addition to their annual spring tour which took them to such cities as Detroit, Chicago, and St. Louis, the A Cappella presented several programs in the Nashville area which included the State Fair grounds and a performance for the 150th Anniversary of the Fourth Avenue Church of Christ in Franklin.

In addition to performance at the Christian College Choral Festival and the Tennessee Collegiate Choral Festival, the A Cappella was honored by being the first music group from Lipscomb to perform in the new Tennessee Performing Arts Center.

David Lipscomb College Chorale—Row one: Mike Johnson, Jeff Stafford, Joe Roberson, Kevin Montgomery, Tim Smith, Craig Joyner, Reese Covington, Sam Wallace. Row two: John Ballentine, Stephen Henry, Kim Kaiser, Helen Mansell, Calvin Channell, Valerie Pope, Mark Nance, Suzanne Denney, Pam Connelly, Sarona Morris, Amy Shoaf, Kim Stansbury, Kathy Thornhill, Jill Vining, Joy Gill, Ginger Riddick, Lori Rogers, Lisa Gilbert, Charis Moore, Susan Horton, Dawn Wright, Holly Dexter, Mary Anne Noblitt, Ruth Griffith, Pam Carrigan, Leigh Dugger, Beverly Shoulders, Teri Massey, Roy Birch, Don Moseley. Row three: Steve Bradley, Gene Wright, Jay Chaudoin, Keith Hardy, Philip Wright, Mark Fulford, Tim Pate, Ralph Davis, Gilbert Booher, Nate Saunders. Not pictured: Randy Davis and Benay Waite.

The 1982-83 Chorale continued the group's ten-year tradition of excellence and enjoyed not only a year of successes but a year filled with fun, fellowship and a strong "common love" that exists within the group.

The Chorale family began their year with the annual fall retreat. They continued throughout the year to display their talents at area congregations. The musical group represented the college at the Christian College Choral Festival, held at Freed-Hardeman College, and the Tennessee Collegiate Choral Festival, sponsored by Belmont College. They presented programs at the State Fairgrounds and at the High School Christian Choral Festival.

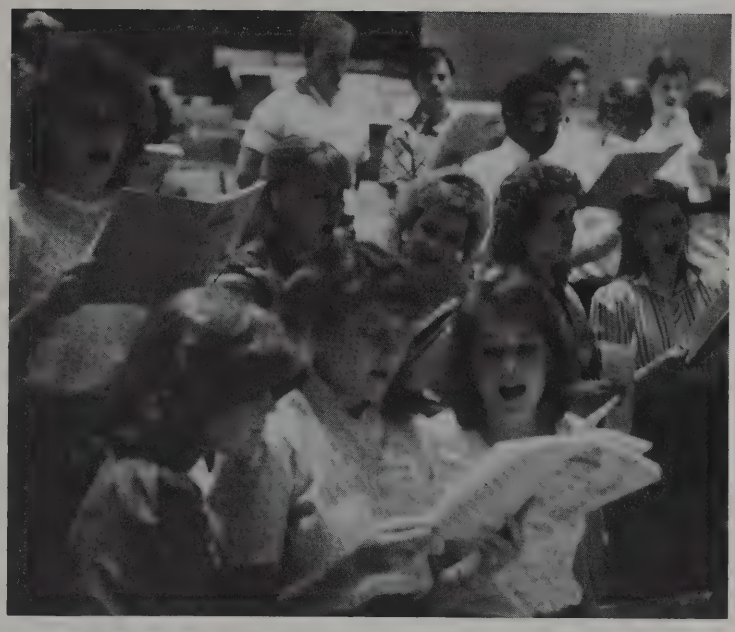

As usual, the highlight of the year was the group's annual spring tour which included performances in Alabama, Georgia, and Florida. While on tour, the Chorale taped an hour-long television program for a local station in Columbus, Georgia and was invited to sing at the newly completed EPCOT Center in Orlando, Florida. The group also traveled to western Tennessee and Kentucky to represent and publicize the school.

Physics and Engineering Science

The Department of Physics and Engineering Science is growing rapidly as a result of the major in computer science. Approximately 400-500 students per quarter have been enrolled in a computer science course this year. A new VAX 11/780 computer was installed in the newly remodeled computer center. Twenty-four terminals are available for student use. A PDP-11 computer is used by some college classes as well as the high school. Facilities are some of the best available on college campuses.

The department has been brightened by several pieces of art donated by Ron King.

W. Everette Hunt, Ph.D.

Psychology

Occupying new faculty offices located in the Computer Center area, welcoming a new faculty member—Dr. Paul Turner, implementation of the psychological literature and the field practicum courses and the additions of group counseling and introduction to psychopharmacology to course offerings were important events marking this academic year for the Department of Psychology.

The Psychology major continues to attract well-qualified and eager students to a program designed for practical application in their lives and careers.

Pi Beta Sigma—Row one: Bari Craig, President; Cathy Negas, Jeanette Biddle, Corresponding Secretary; Lynn Ingram, Robin Boyce, Vice President. Row two: Cindy McClain, John Creech, Jeanne Bowman, Robert Moore, Kelly Reinhart.

The Department of Sociology and Social Work now has an adequate and well-rounded faculty and program of studies, including a general sociology major, a teaching major and a social work major. The social work program is still developing toward certification by the Council for Social Work Education.

The departmental research skills and methods program is being further developed, in keeping with the availability of computer facilities. The department also continues to contribute to the development of human social relations knowledge and skills with other departments.

Pi Beta Sigma is a professional organization for social work majors. Their motto is "Protecting, Building and Serving," which reflects the purposes of social work practice. The overall goals of Pi Beta Sigma are to support the development and maintenance of the social work program and to help prepare students for professional practice.

Speech Communication

The Pi Kappa cast of Alpha Psi Omega honorary dramatic fraternity benefited from a wide variety of activities. In their efforts to increase the appreciation for the theatre arts on campus, a workshop was sponsored in the fall, and the annual Alpha Psi Omega one act plays were presented as the spring production. Alpha Psi Omega members are avid participants in all of the campus-wide productions both on the stage and behind the scenes.

Alpha Psi Omega—Row one: Barbara Howell, Bob Clinard, Business Manager; Emily Lester, Director; Kim Fatsinger, Stage Manager. Row two: Charleen Davis, Becky Roland, Steve Curtis, Chris Hutson, David Crafton, Angela Darrow, Jennifer Neely.

Students who excel in debate are eligible for membership in Pi Kappa Delta, national speech fraternity. Rawn Reinhard and Alvin Johnson represented Lipscomb at the PKD National Tournament in Colorado.

What are the Pied Pipers?. . . a door, . . . a tree, . . . fun for you and me!

Happiness is the key word as this group performs at both public and private elementary schools. Fairy tales, nursery rhymes, and songs are aimed at the child in each person's heart as these students share a little love. The group was directed this year by Anna Byrd and Emily Lester.

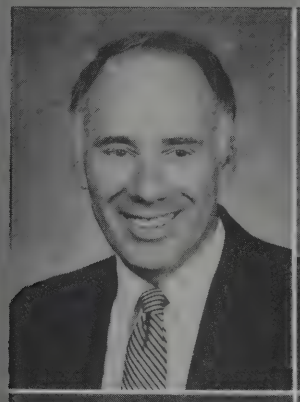

Pied Pipers—Row one: Valerie Rice, Rusty Roden, Andrea Payne, Philip Wright. Row two: Keith Hardy, Sam Wallace, Emily Lester, Anna Byrd. Row three: Trish Jackson, John Balentine, Mike Polutta.

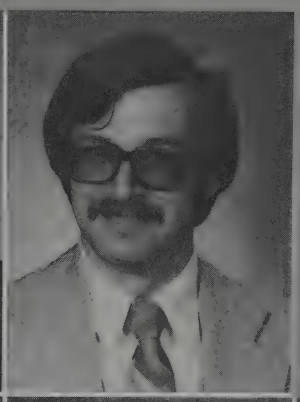

The Department of Speech Communication is "growing, glowing and going." Twenty-six students have completed speech comprehensive. Fifty-one have declared majors in speech communication. The new TV production studio is operational. Presently there are 173 hours listed in the catalogue for Speech, and the whole department is busy.

It has seen superior dramatic productions of "J.B." and "The Music Man." The campus radio station is on the air. The debaters won honors at the National Pi Kappa Delta tournament in Colorado. The Pied Pipers have had an active season with kindergarten and grade school groups. Alpha Psi Omega, a dramatic fraternity, has initiated its new members. Stuart Sockwell was one of 30 selected from across the nation to read a paper at the Honors Council at Memphis State University.

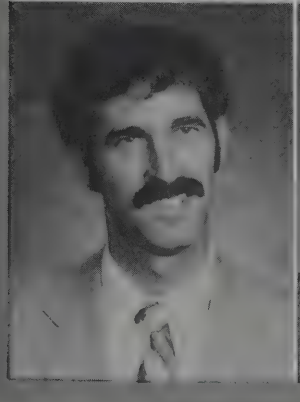

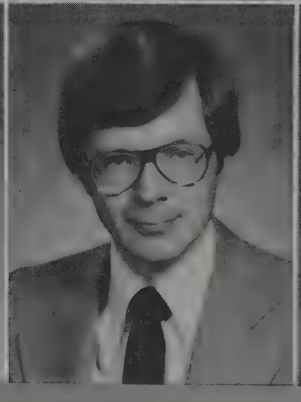

In addition to teaching classes, the speech faculty has had a productive year. Carroll Ellis was on the Evaluation Team for Speech Communication at Wheaton College. Henry Arnold has taken a theater trip to New York. Paul Prill read a paper at the Speech Communication Association. He also received one of the outstanding teacher awards for 1982-83. Marlin Connelly has made two trips to Israel. Jonathan Seamon has been involved with the broadcasting of basketball and baseball. He has also worked with Vanderbilt. Bill Proctor is going to Los Angeles for a TV workshop this summer. Tom Holland was a featured speaker for the lectures at Harding University and Alabama Christian College. David England attended a communications conference in Atlanta.

ALL STUDENT ASSOCIATION

President, Steve Clark

The All Student Association was organized for the ultimate benefit of the students at David Lipscomb College. This being the fifth year of the ASA was no exception. The All Student Association was successfully guided by Steve Clark, president and Annette Alexander, secretary. Together with the other twenty senators, the student life at DLC was carefully planned.

The ASA operates on the basis of five committees:

The Academic Committee, under the guidance of Nina Jones, planned a very successful Career Day which involved a resumé seminar, the Quiz Bowls, and the popular Teacher Appreciation Day.

The Elections Committee, headed by Joey Hogan, oversaw the intricacies of the political and social elections.

Chaired by Julia Ford, the Entertainment Committee brought student pleasers from the movies, such as Rocky III, Chariots of Fire and Star Wars. The 2nd annual Spring Bash was a smash hit with the band Legacy, and the campus-wide Capture the Flag was fun for everyone.

Terry Raybon led the Spiritual Life Committee. They planned special devotionals and seminars to increase the spiritual emphasis in student life.

The Student Life Committee, chaired by Bari Craig, worked exceptionally hard on Homecoming festivities for the students. Homecoming was indeed exciting and memorable for all of us.

As a sub-committee of Student Life, Valencia Browning headed the Food Preference Committee. Valencia and her co-workers took extra steps to work with SAGA in helping to please the students.

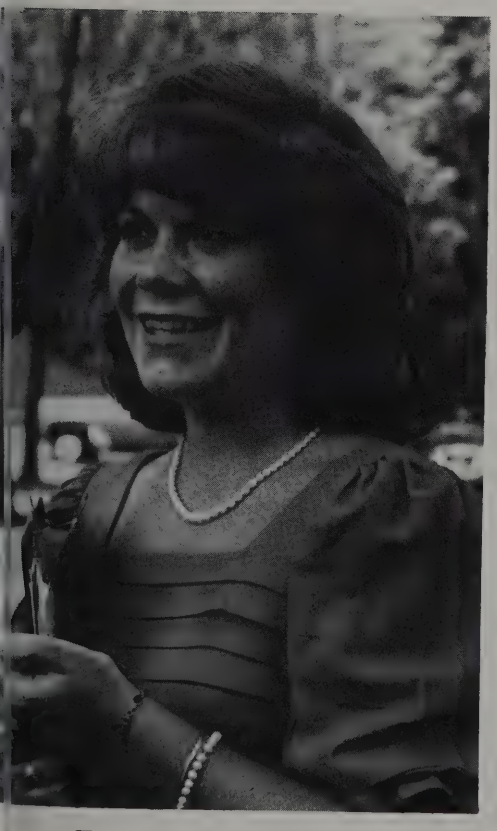

Working to serve the students and the administration, this group of dedicated students maintained a high momentum to make 1982-1983 another successful year for the All Student Association.

Newspaper Wins Honors

Debra Wright, Editor

THE BABBLER, the student newspaper, began the year with some 25 staff members and ended the year with a dedicated corps of 10. Throughout the year they tried to expand their coverage, covering more than just campus happenings. Such efforts were exemplified by features concerning grade school children's impression of snow, an interview with Nobel prize winner George Wald, and a regular feature entitled "Tour with Tarkington," which tried to give the students some ideas for extracurricular activities on weekends.

During the year, **THE BABBLER** was privileged to win two honors. The first was received by editorial editor and cartoonist Mark Cullum. Cullum, a sophomore from Nashville, was named one of ten winners in a cartoonist contest sponsored by the Tribune Syndicate Co., Inc. His prize was $500 and a trip to New York for "a get-acquainted visit."

The second honor was given to **THE BABBLER** itself by the American Scholastic Press Association. The paper received a first place with special merit in its category, being one of two such winners. The paper was judged on content, page design, art, creativity, editing, and headline writing, and received 965 points out of 1000.

Debra Wright, editor of the paper, was assisted by Cullum, Teresa Gampp, head photographer; Joy Gill, managing editor; Andrea Payne, sports editor; and Mary Lou Ratliff, entertainment editor. Staff members throughout the year included Tony Cradic and Vic Gobbell as sports writers; Kelli Hurley, Lisa Meyer, and Amy Tarkington as staff writers; and Andy Clark, Byron Grate and Mike Hudson as photographers. The adviser for the year was G. David England, head of the Lipscomb News Bureau.

1983 BACKLOG

1.

2.

3. Editor Stephen Henry

Putting an annual together is not an easy task. Many hours are spent in planning even before the first picture is made. Each page is planned and then the layouts are drawn, redrawn and may be drawn again before the final effect desired is accomplished. Contacts must then be made for pictures and copy. After the pictures are taken, the film developed and printed, the copy written, edited, and typeset, then one is ready to place these on the page, crop the picture to fit the space drawn, and write the special instructions needed. The page is still not finished. All the photographs are numbered by page position and put in order, the layout form, drawn in triplicate, is placed with the photos and copy and put in a sack to hold the contents of that page. Now one page is complete. It is a long process and does not account for the hassles of waiting for requested information and photographs from other sources.

This year's staff has been small, but it has been a good one. Composed of two sophomores, Mark Nance and Stephen Henry, and four freshmen, Tammie Pack, Kelly Woodard, Randy Davis, and Nelson Whitfield, the group did their jobs and had a good time in the process. Each deserves special thanks, as do John Hutcheson, the sponsor, David England, Debra Wright and **The Babbler** Staff, Ken Adcock of McQuiddy Printing Company, and Rudy Sanders and his photo journalism classes. They have all helped a great deal.

The theme of this year's **Backlog** is "Building a Future . . . ". The theme was in part conceived from the physical building being done on campus and from the building of our minds being done in the classroom. The school is helping to mold our futures. This book is also unique in that it covers the whole school year and not just the fall and winter quarters that books in the past have done. It is your record book for the 1982-83 school year. The **1983 Backlog** will help you to recall the many memories and friendships made during this year.

K-ETTES

The David Lipscomb Circle K club is a part of Circle K International, a world wide collegiate service organization. This year Circle K participated in projects six days a week including visitations and devotionals at Lakeshore Home, working with the handicapped children at Outlook Nashville, and working at Tryangle House, a teenage half-way house. The club also participated in the Saturday school program at the Ashwood church of Christ, and sponsored the campus blood drive.

Circle K also participated in many on-campus activities such as Homecoming and the ASA elections. The Lipscomb club hosted the 1983 Kentucky-Tennessee district convention in April. Three club members from Lipscomb were elected to district offices and the club brought back many awards. Next year the club plans to continue all its projects and promote its new theme, "one-on-one."

BASEBALL

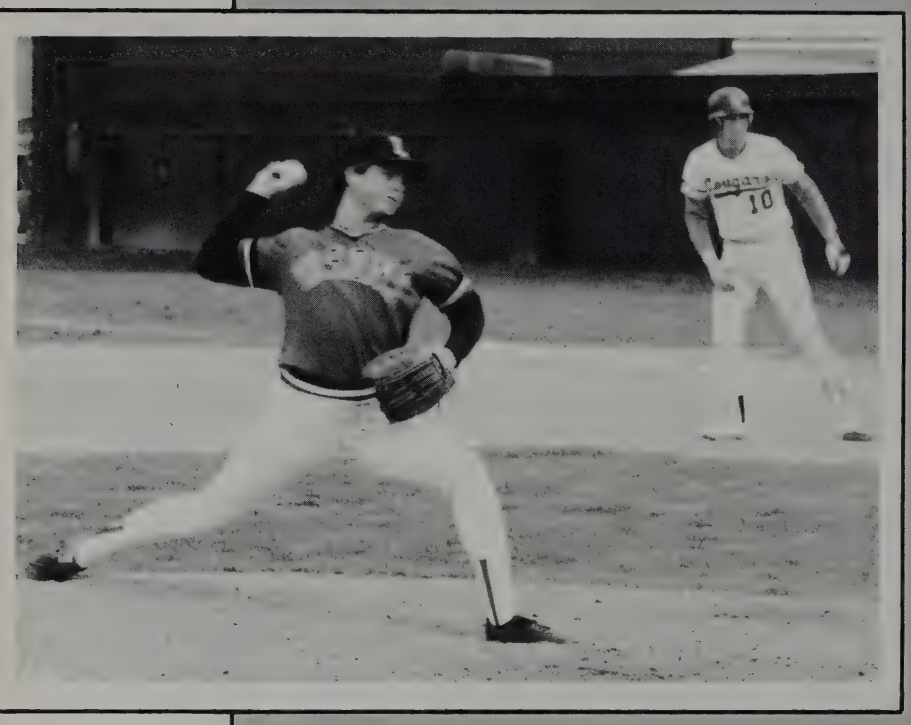

The 1983 David Lipscomb College Baseball Team: (Front, left to right) Coach Ken Dugan, Mike Rippetoe, Frank Goswitz, Larry Breedlove, Brian Lehrman, Mark Baird, Tim Jabs, Asst. Coach Al Austelle; (Second row, left to right) Mark Joseph, Wayne Barker, Trent Mercer, Mickey Fenn, Brett Edens, Manager Randy Holmes; (Third row, left to right) John McPherson, Trey Hartman, Benton Patton, Kevin Gannon, Alan Malone, Jim Wobbleton; (Fourth row, left to right) Brian Jones, John Carreau, Phillip Dickens, Jeff Liddle, Trainer Chris Snoddy.

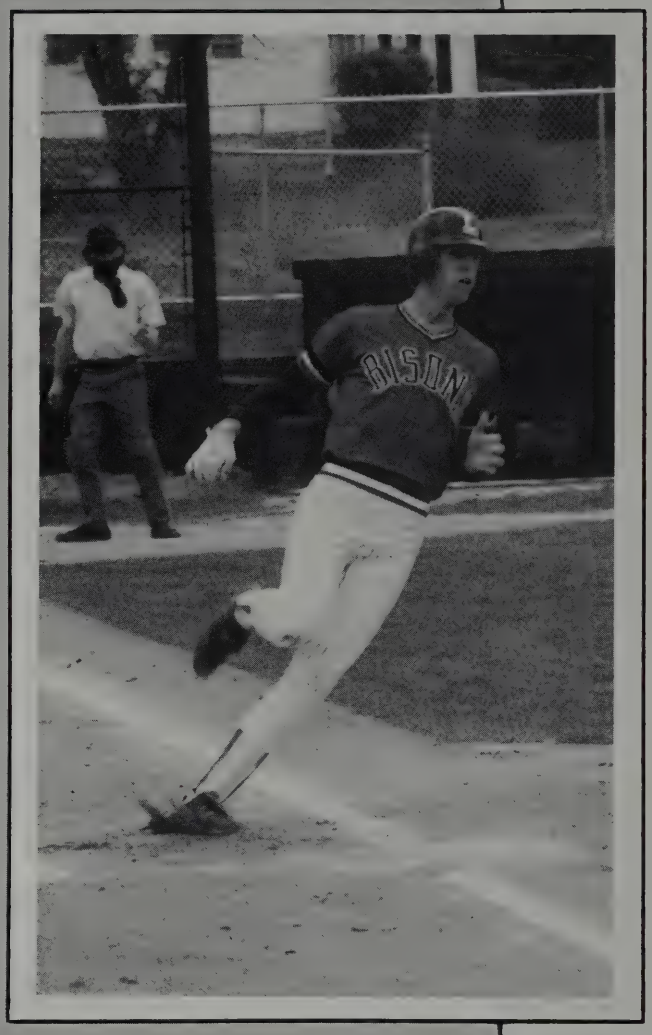

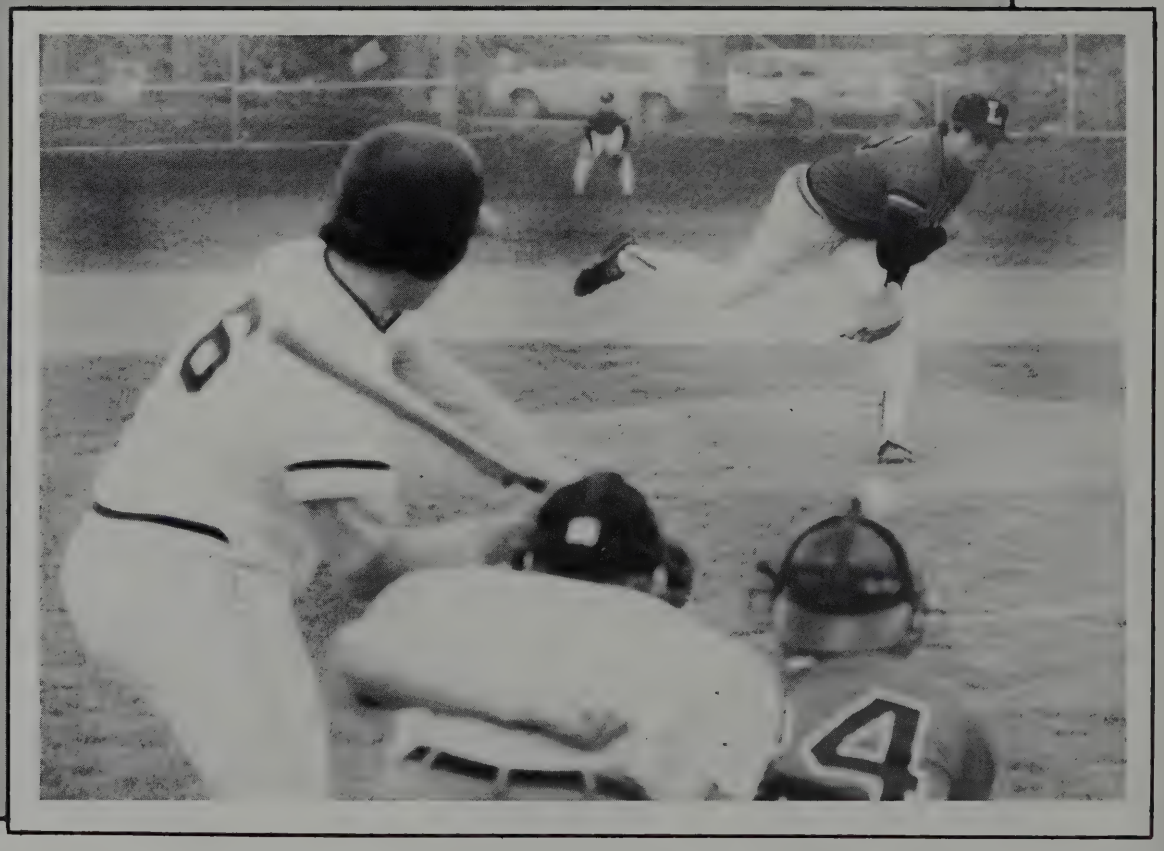

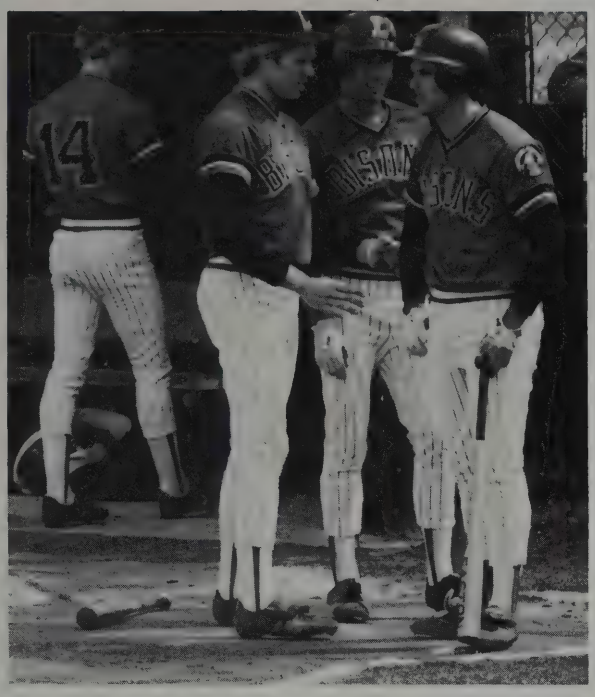

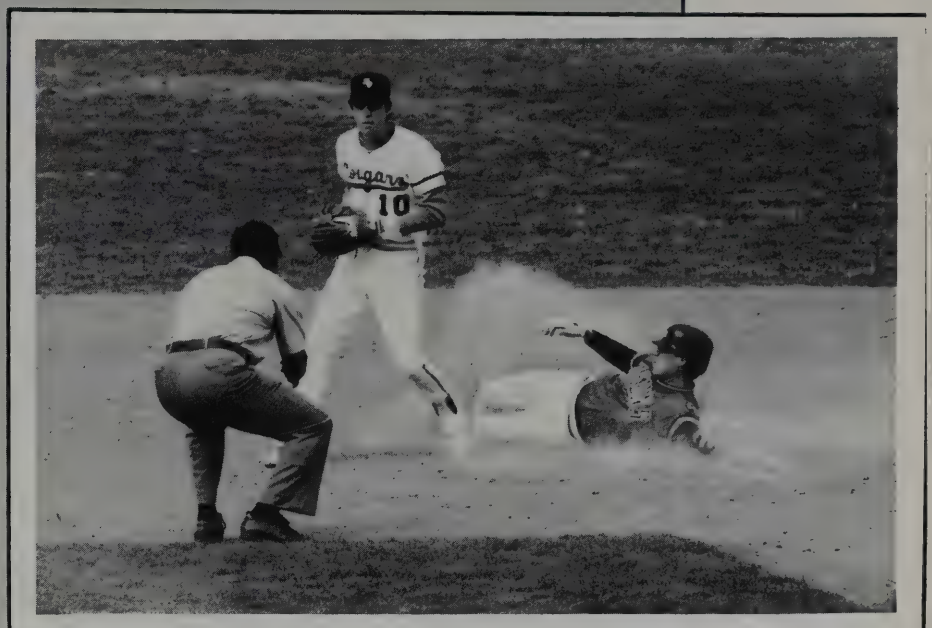

No VSAC baseball crown for the Bisons this year: For the past two years the Bisons had dominated the VSAC tourney, but this year was a different story. In 1981 and 1982 the Bisons had swept the post season tournaments with perfect 3-0 records. This year the Bisons lost their first game to Tennessee Wesleyan 6-4 and then battled out of the losers' bracket to the second round of the tournament by beating Milligan College 10-9. But the Bisons' winning ways didn't last for long as Tennessee Wesleyan sent the Bisons home with an 11-7 decision during the second day of play.

The '83 baseball season has been an up and down one for the Bisons.

The Bisons got off to a 0-5 start in Hawaii before the Dugan boys won 15 in a row. Entering the district, the Bisons were 29-12.

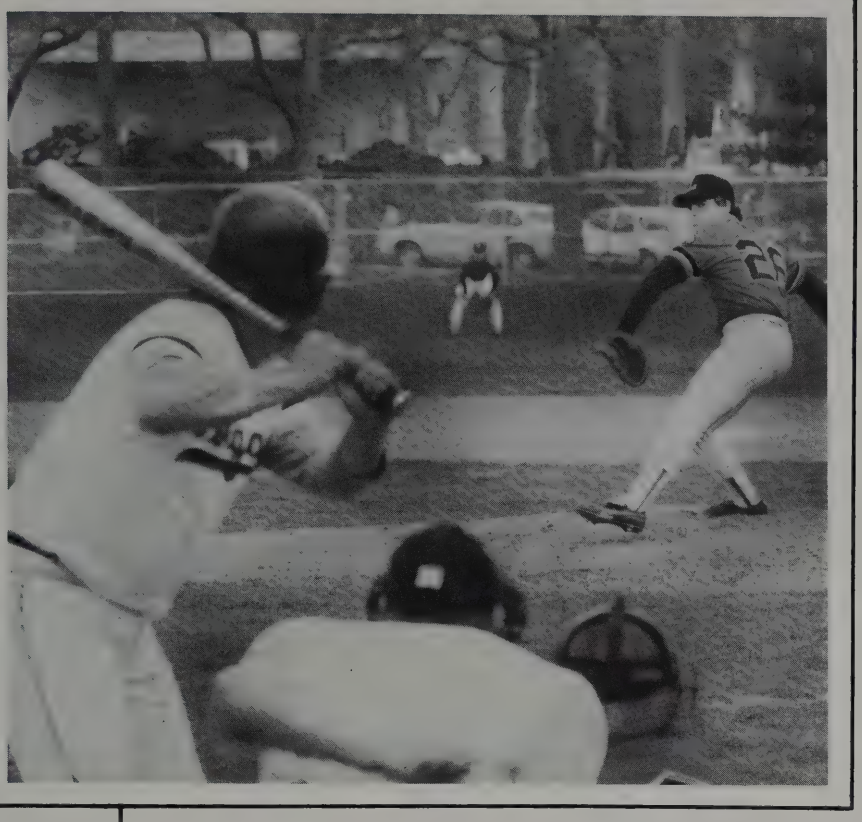

But the big story of the spring was the cold and the rain. The Bisons lost eleven games this year that could not be made up due to the rain and the cold weather.

After reaching the final game of the District 24 tourney, weather-related postponements forced district officials to declare a representative to the Area 5 tournament. On the basis of head-to-head competition, district records and national rankings, Union University was selected. The Bisons' season record was 31-13, and they were ranked 16th in the nation.

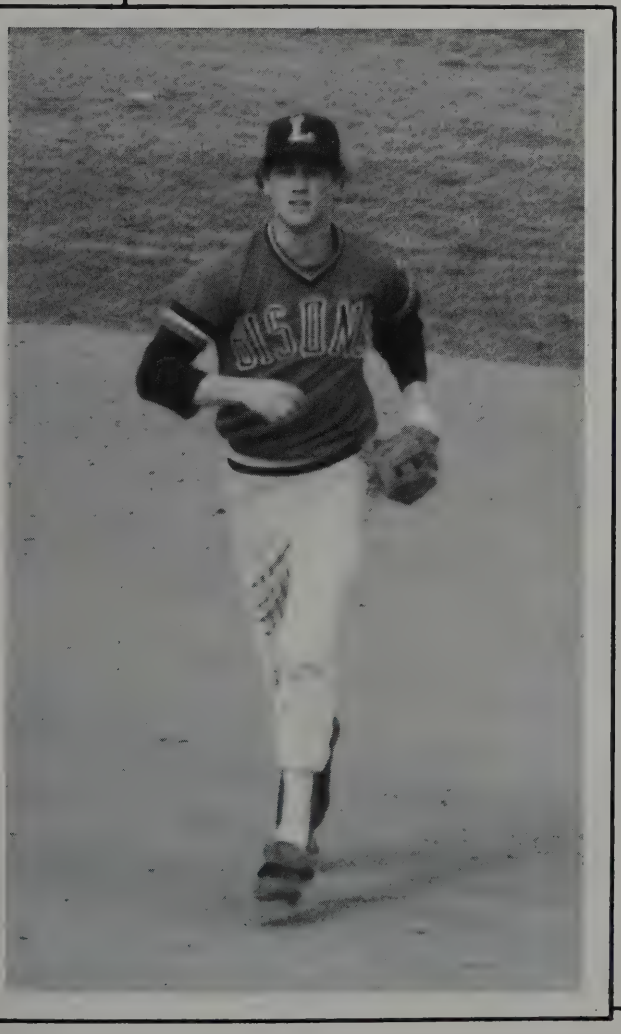

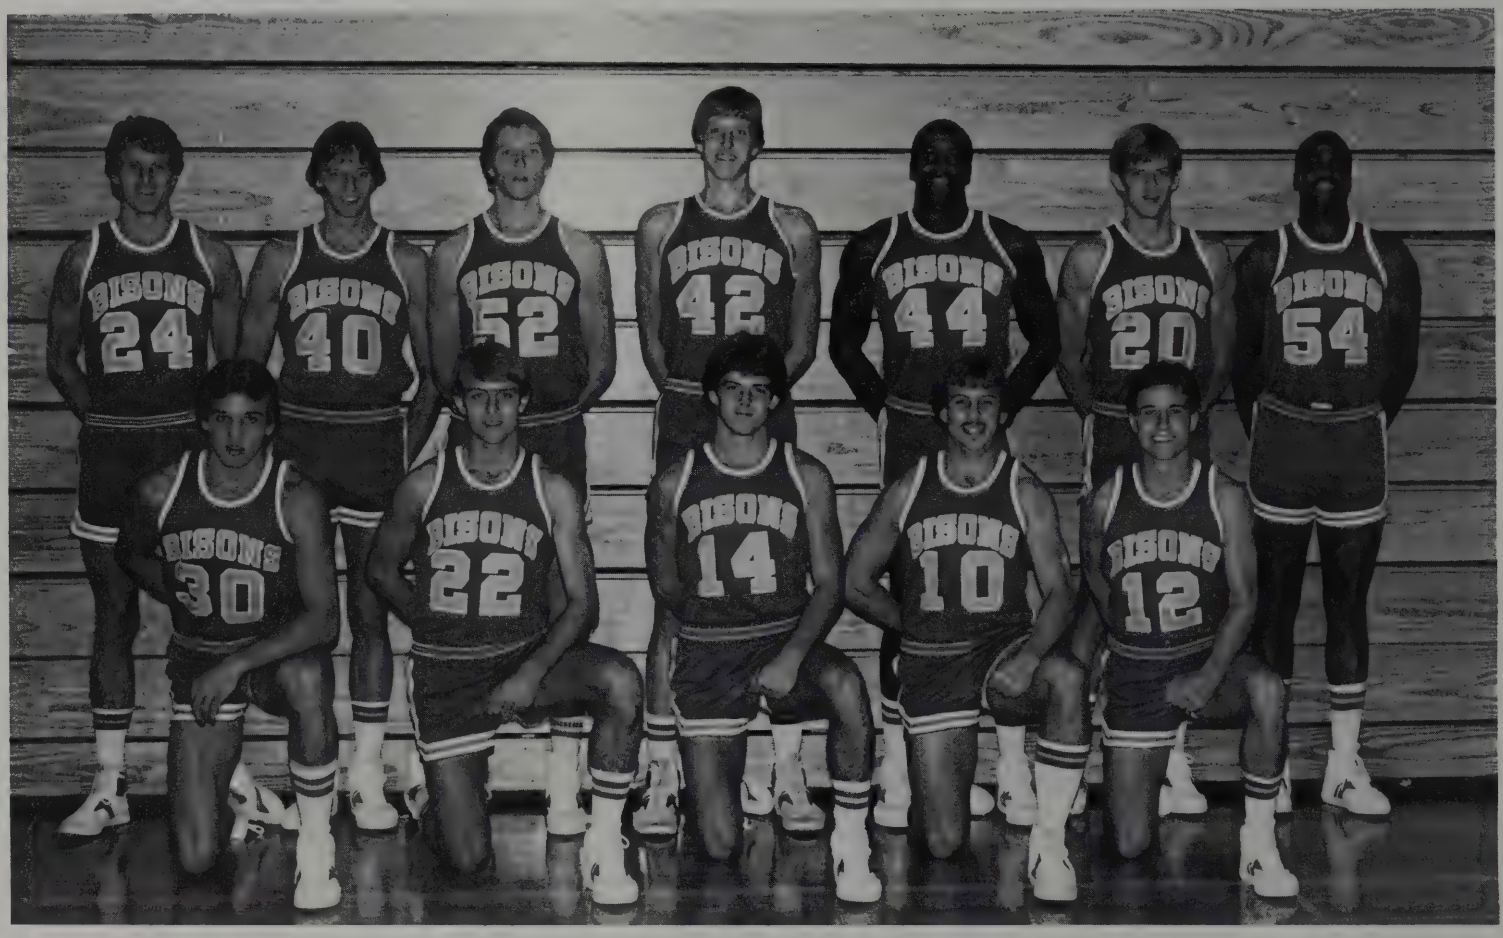

"This has been one of the coldest springs I can remember. We lost several big games to the weather and it hurt our crowds this year. It also prevented us from looking at some of our young pitchers early," Ken Dugan said.

This year's squad was young. The team finished the year with 19 players, all underclassmen.

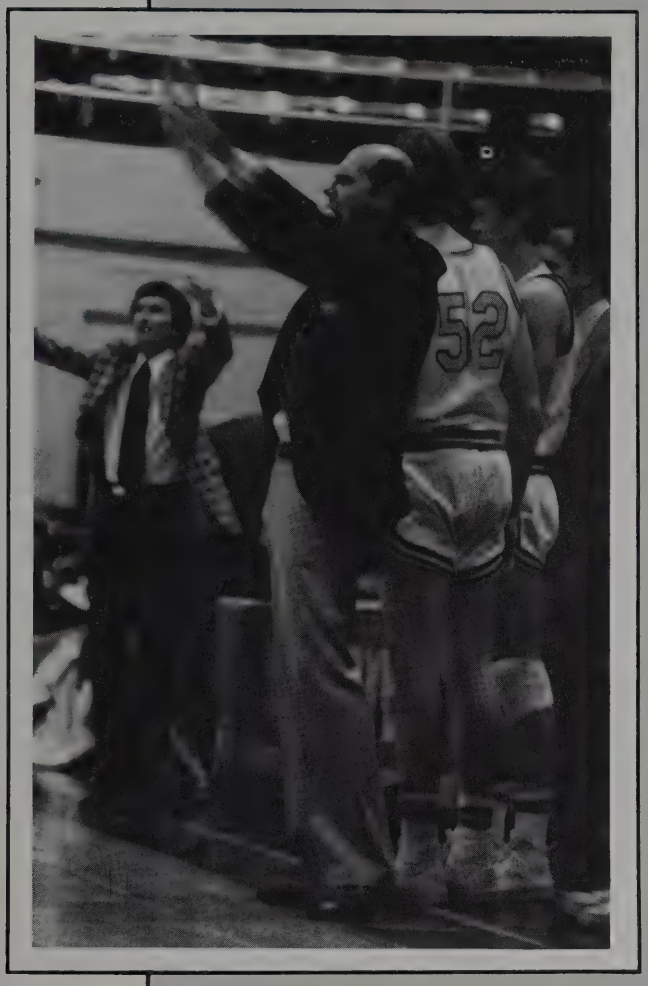

"We were limited in the moves that we could make this year. That means that we have got to have a good recruiting year since we have a lot of juniors that will be seniors next year and we don't want to be left with a freshman team in two years," continued Dugan.

MEN'S BASKETBALL

The 1982-83 Bison Basketball: (front row, left to right) Tony Cook, Bruce Ford, Todd Stewart, Keith Edwards, Ricky Bowers. Back Row, Rick Colson, Curtis Irmiger, Tom Kelsey, John Kimbrell, Ed White, Monty Hammontree, Kevin Scott.

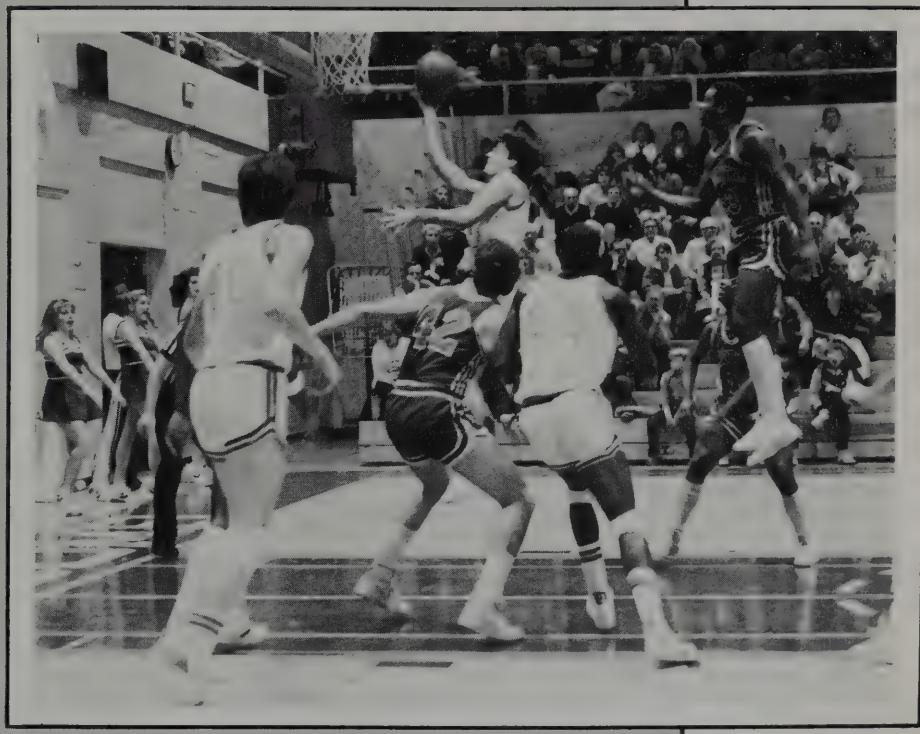

The dream of returning to Kansas City did not come true for the 1982-83 basketball Bisons.

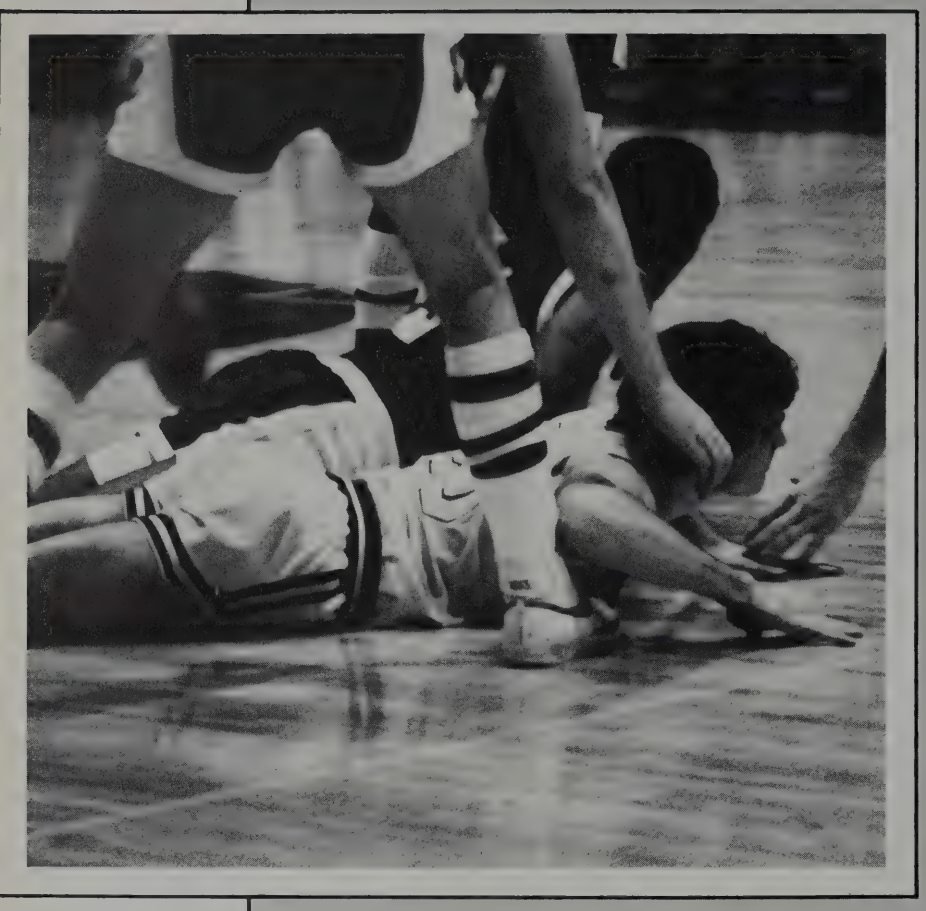

Don Meyer's Bisons ended the year 19-14. Lipscomb lost its final three games of the Volunteer State Athletic Conference tournament and the District 24 tournament.

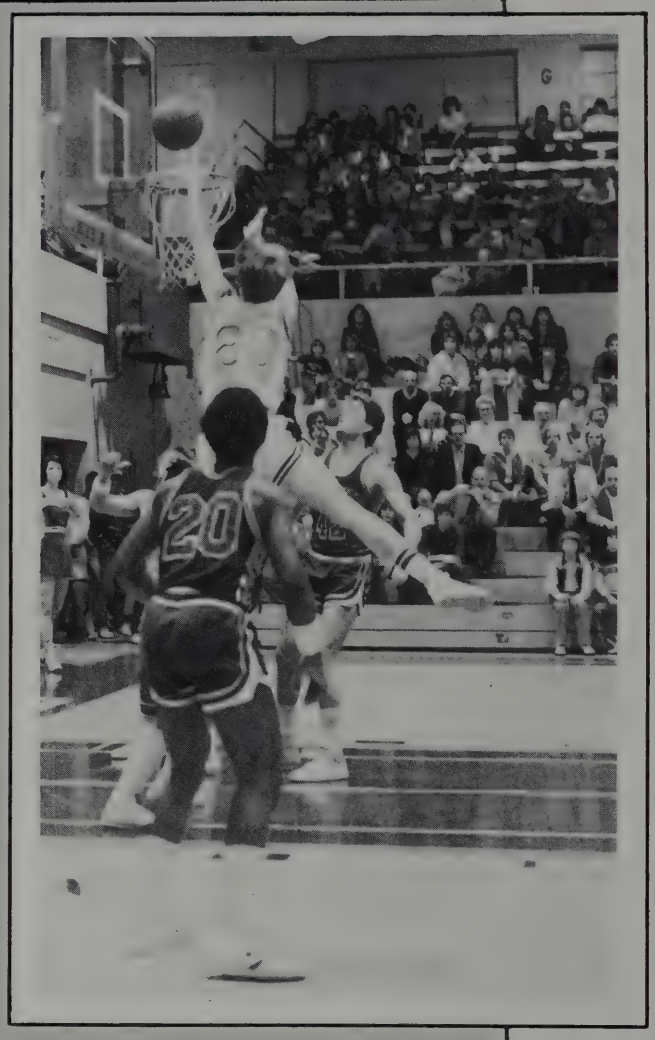

"We failed to sustain concentration throughout the season. This team was very young and I don't know if they couldn't handle the pressure or if they listened to their friends who said they shouldn't be winning," said Meyer.

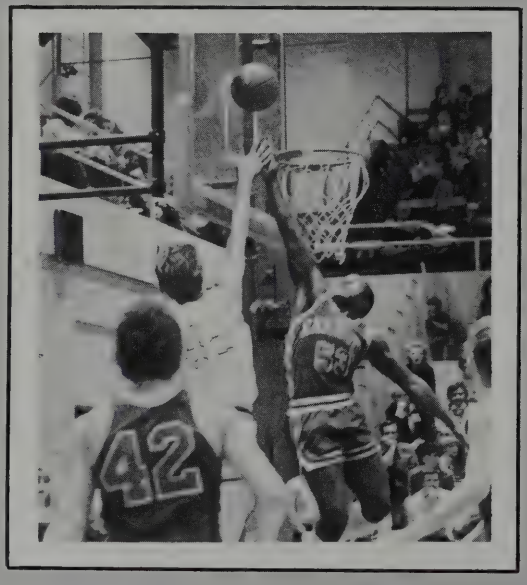

"I know we could have realistically lost a lot more games, but I think we had a good chance to win a lot more games," Meyer continued.

Midway in the season the Bisons were leading the VSAC Western Division, but toward the end of the season the Bisons hit a skid. It was an up and down year. For a team with six freshmen, the Bisons played well early, then lost four in a row just before the Christmas break. After the break, the Bisons returned to their old form, but the up and down season took another swing downward.

Lipscomb ended the regular season tied for third place in the VSAC West and in fourth place in the District 24 Western Division.

"We are beginning immediately to make plans for next year and the goal of going to the national tournament," Meyer said.

WOMEN'S BASKETBALL

The 1983 Lady Bison Basketball Team: (Front, left to right) Cindi Thacker, Celeste Peacock, Nina Pedigo, Cindy Griffith, Nicole Burgess, Shari Chastain, Sharon Smith, Tami Miller. Back row, Coach Trish Duty, Rhonda Gleason, Elizabeth Mathis, Rhonda Stewart, Rose McCallie, Lisa Garrett, April St. John, Coach Frank Bennett.

Life is made up of peaks and valleys. For the Lady Bisons their 82-83 year was full of highs and lows.

The highs came early. The season opened with six straight wins and a national ranking, the first time the Lipscomb women's program had ever been ranked nationally. The Lady Bisons remained in the top 20 for three weeks, breaking in at 19th, moving to 16th and then dropping to 17th before falling out of the poll.

But the season rolled along until it ended in a valley. The Lady Bisons lost six out of their last seven games, including the final four games of the year.

"We are beginning to make some progress at developing a strong women's program, but yet I am disappointed about the way our year ended. We had hoped to be playing our best ball at the end of the season, but we got in a slump," Coach Frank Bennett said.

The regular season ended with a 66-57 loss to Christian Brothers College in Memphis. That left the Lady Bisons fourth in the VSAC West. Lipscomb hosted Lambuth in the first game of the tournament and came up on the short end, 64-55.

"I'm pleased with the progress our program is making and with the addition of a couple of players, I think that we can become a force to contend with in the conference and the district," continued Bennett.

CHEERLEADERS

The 1983 Bison Cheerleading Squad: (Left to right) seated: Paige Morrow: Sherri Hayworth; Kristi Hunter, captain; Roma Hoots, Phyllis Wolfe. Standing: Sharé Johnson; Kaye Boner; Lisa Foster; Laura Waller; Sarah Reynolds; Deborah Coggin, sponsor.

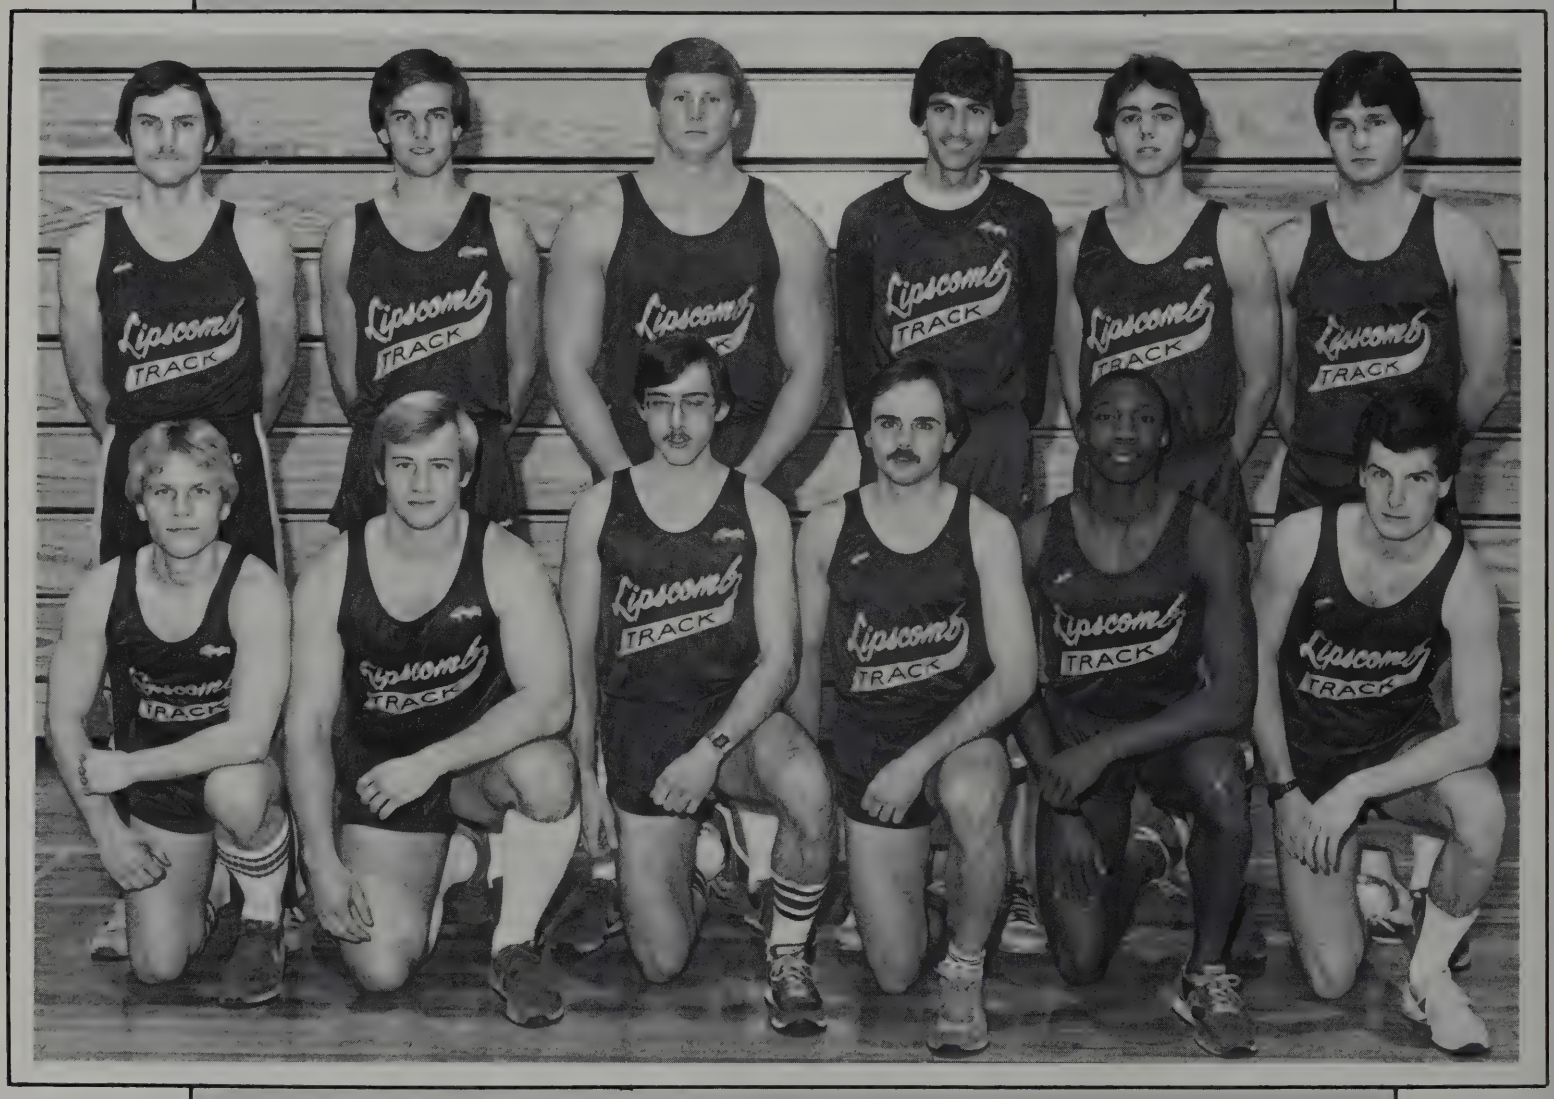

At the beginning of each fall quarter the student body has the job of electing their cheerleaders. They choose the ten ladies who they feel can do the best job in leading the Bison teams and fans to an enthusiastic spirit. This year's squad, under the direction of sponsor Deborah Coggin, was composed of Kristi Hunter, captain; Sharé Johnson, Roma Hoots, Sherri Hayworth, Laura Waller, Paige Morrow, Phyllis Wolfe, Sarah Reynolds, Kaye Boner, and Lisa Foster.

These young ladies spent many long hours practicing and cheering during the many basketball games. Yet they always seemed to have that smile and extra energy to keep the crowds cheering.

Cross Country and Track

The 1983 Bison Track Team: (Front, left to right) Paul Wingfield, Richard Beasley, Barry Todd, Bruce Tood, Kevin Barnett, Jim Hassey. (Back, left to right) John Sanders, Jerry Ford, Flip Jones, Max Russell, Jeff Denton, Daryl Ozley.

The Lipscomb track team finished its season, and is retiring for the summer with some impressive accomplishments. The team took second place in the state meet April 30, losing only to Austin Peay.

"They (Austin Peay) have a lot more scholarship athletes than we do, and I was well pleased. I was hoping for third, but the team really did great," Rodney Smith, coach of the team, said.

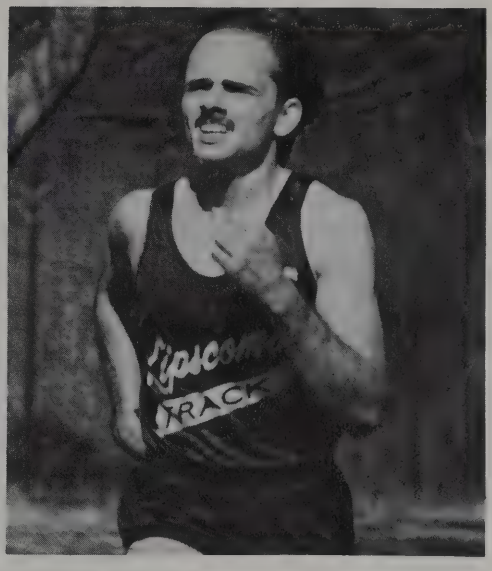

The Bisons also placed second in the conference meet this season. In that meet, Max Russell captured first place in the 5,000 meter and second in the 10,000 meter run.

"That's almost 10 miles of racing in one day," Smith said.

Also at that meet Jerry Ford placed third in the long jump, which was his first collegiate jump, and Daryl Ozley placed second in the pole vault and fourth in the long jump.

Jeff Denton finished first in the intermediate hurdles at the Conference meet.

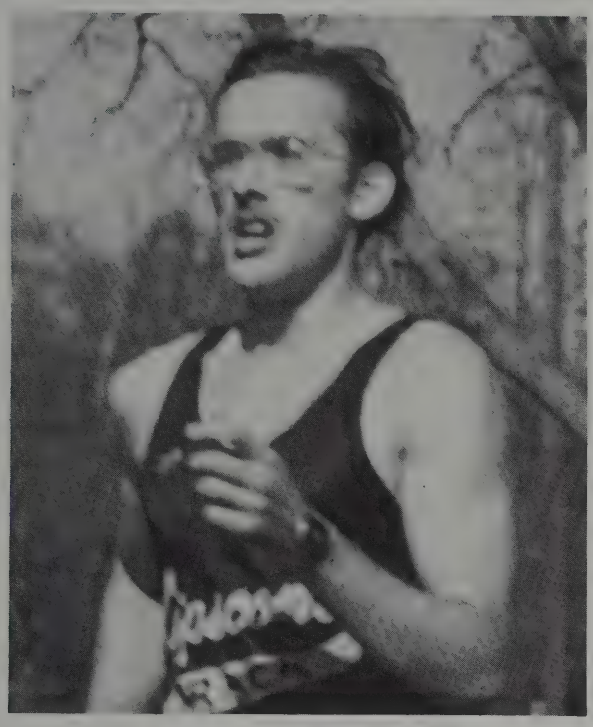

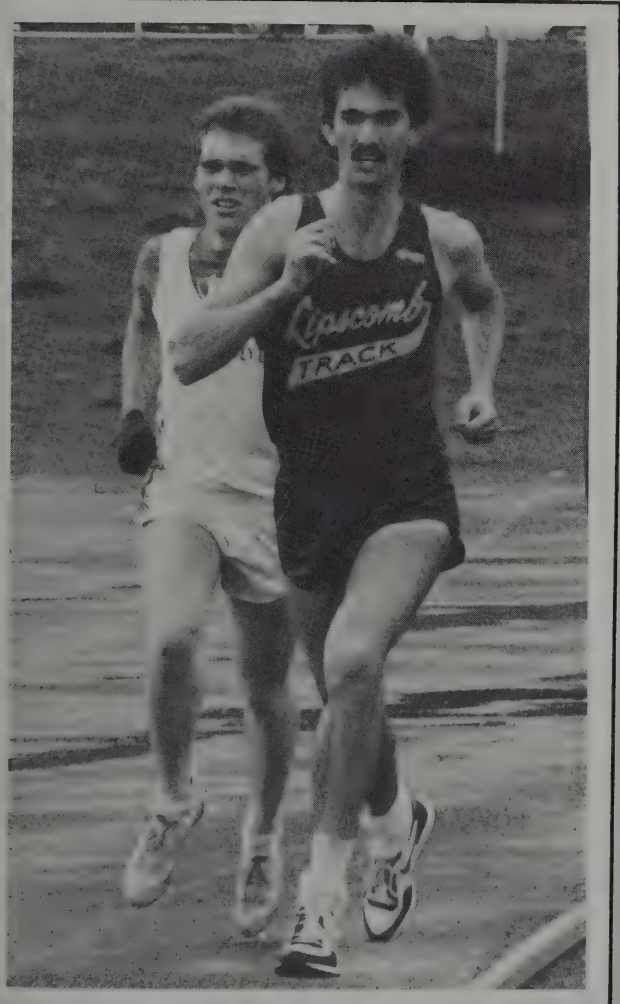

The track season is not over for one man, Flip Jones, who advanced to the nationals. Jones will be traveling to Charleston, WV, in hopes of catching a second All-American title. He was ranked second in the NAIA with a 56' 6" toss in the shot put.

"I wanted to break the school record and, with help and strength from the Lord, I did," Jones said.

Both track and cross-country have promising outlooks for next year. The track team will not lose any members to graduation, and recruiting is good according to Rodney Smith, coach of the team. He is also very optimistic about recruits for next year's cross-country team.

Smith is looking forward to next season's team. "Everyone will be back, and we are expecting some real quality athletes to be coming in as freshmen. I expect the best track team Lipscomb has had since about 1976," he said.

The track athletes weren't the only ones receiving praise.

"I think the coach has done an excellent job this year," Jones said.

"He has really helped me a lot with my technique," Richard Beasley, a freshman trackster, added.

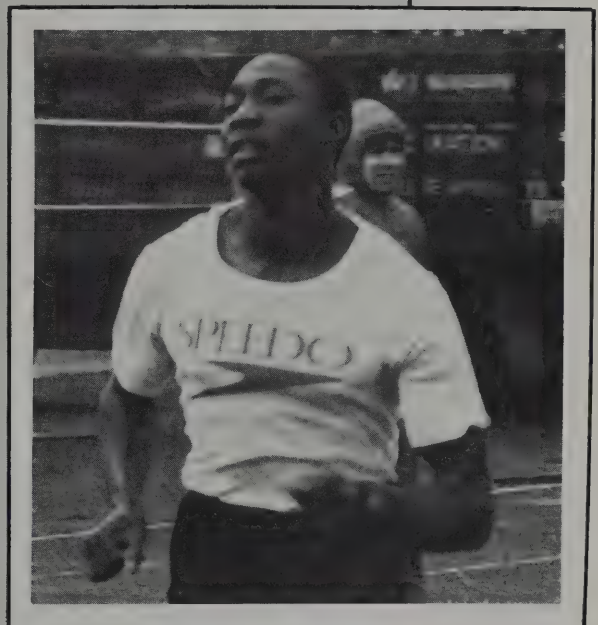

As to next year, "I hope to make National Champ indoors and outdoors in the shot put," Jones said. "I feel we can win the state title next year."

Smith is also very confident in his upcoming cross country team.

"We will lose four seniors, but our recruiting really looks good and I feel we can do better next year."

Golf

The 1983 David Lipscomb Golf Team: Coach Ralph Samples, Dale Armstrong, Greg Wilder, Mike Schuckers, Craig McElhaney, and Todd Emerick.

The golfing Bisons headed for the NAIA National Tournament after a one-year interruption in their string of nationals and came back home in seventh place.

The Bisons earned the trip by defeating Lee College 633-635 in the District 24 tournament held at Henry Horton State Park near Chapel Hill, Tenn.

Craig McElhaney was the medalist for the tournament, winning the championship on the first hole of sudden death.

McElhaney and Greg Wilder, who finished fifth individually, were named to the All-District team, and coach Ralph Samples was named "Coach of the Year" for the district.

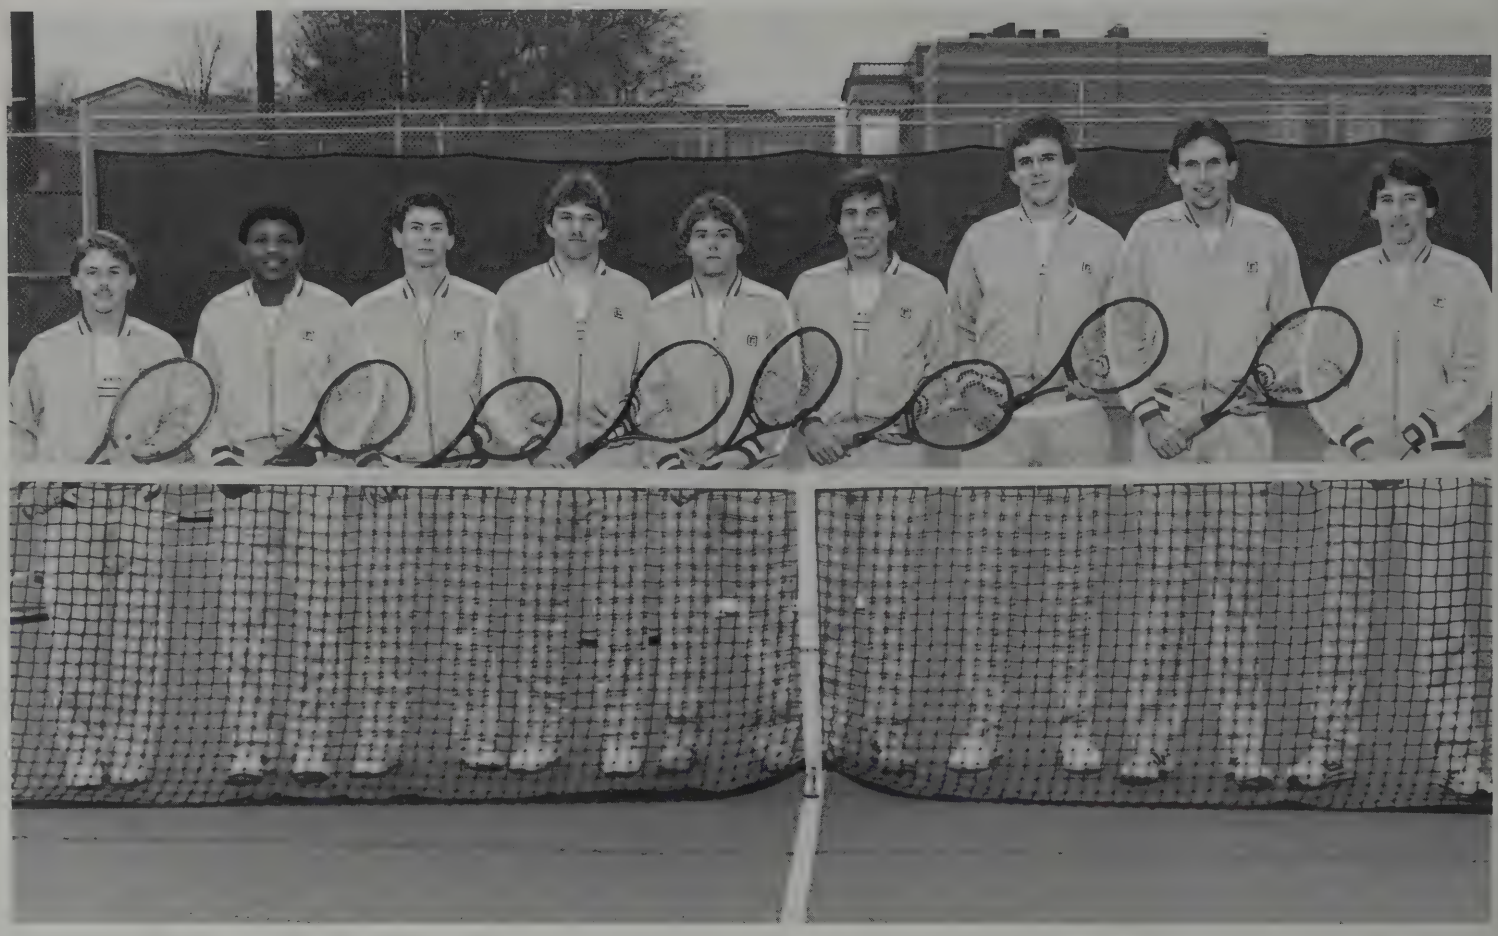

"This has been one of the most successful years we've had, equalled only by the 1981 team. We've won five championship trophies, including the fall, which makes this team one of the most productive I've had," Samples said.

"It's been an unusual spring with the weather. We've had rain every tournament which has kept us from shooting as low as we can, but we've played well enough to win," he said.

The District 24 championship follows wins in the state tourney and the VSAC. Wilder was the medalist in the state tourney, and his scores were lower than any player in either the college or university division. Lipscomb won by 11 strokes over Carson-Newman.

Men's Tennis

The 1983 David Lipscomb Men's Tennis Team. (Left to right) Tim Roberson, Jimmy Hampton, Brad Jones, Alex Loyd, Greg Chambers, Greg Ellis, Andy Dukes, Eric Moss, and Lynn Griffith, coach.

In the VSAC/Division 24 tennis tournament held at Trevecca, the Bison men's tennis team closed out their season and finished fourth, only four points behind first-place Carson-Newman.

"We lost some key matches at the first of the tournament that could have turned the whole thing around," tennis coach Lynn Griffith said.

Nevertheless, Brad Jones in number six singles and the team of Alex Loyd and Greg Ellis in number two doubles won all their key matches and emerged as tourney champs.

Despite the tough tournament defeat, the Bisons enjoyed a record-breaking season—finishing with a 16-11 overall record (9-3 in the VSAC, good for second place), getting nationally ranked for the first time in the school's history (as high as 22nd before dropping to 24th at the season's end), and having Greg Chalmers (in number one singles) and Alex Loyd (in number two singles) earn a national ranking for another school first.

"The program is moving in the right direction," Griffith said.

Women's Tennis

The 1983 Women's Tennis Team: (Left to right) Row one: Ann Duncan, coach; Renee Hall, Renee Edwards, Row two: Melanie Burks, Nicole Burgess, and Melissa Grimes.

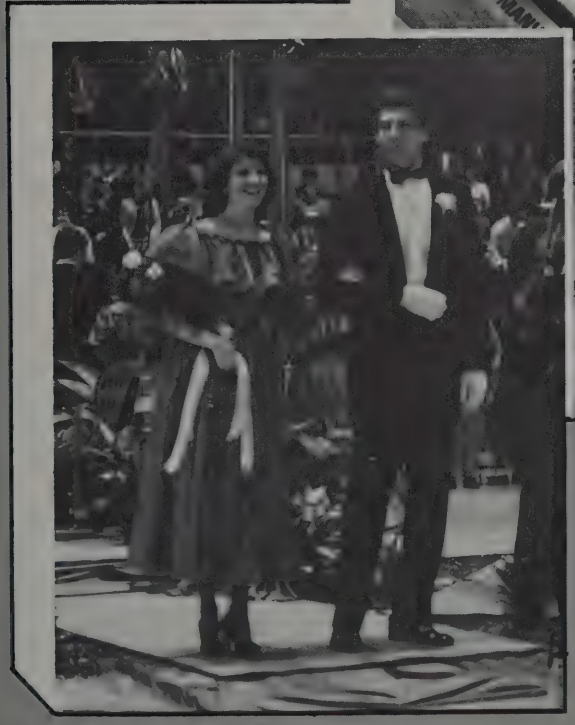

In the VSAC state tournament this year, the Lady Bisons' tennis team finished fourth out of 12 teams. Two of the team members, Renee Hall and Renee Edwards, were named All-Academic, and coach Ann Duncan was honored with status of Co-Coach of the Year for the Western division.

WHO'S WHO

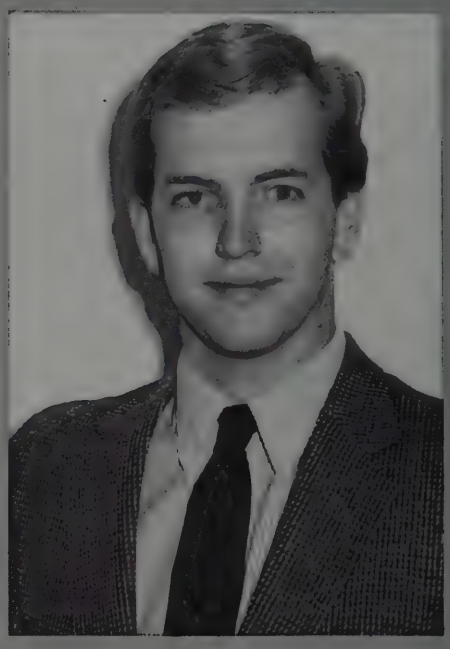

The method of submitting candidates for recognition in WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES has for over forty years been an important annual effort of special nominating committees and faculty meetings. Recommendations are made from an evaluation of the student's scholarship ability; participation and leadership in academic and extracurricular activities; citizenship and service to the school; and potential for future achievement.

"All these students were actually nominated by the department chairmen and faculty, so it's not recognition from our office but recognition from the faculty. The students should be honored that they are being recognized as exemplary of the kind of student we want to have at Lipscomb," Acting Dean Jim Thomas said.

ANNETTE ALEXANDER, a political science/speech communication major, is secretary of the All Student Association. Annette is from Florence, Alabama, and has been a member of Delta Sigma for three years, is president of the society of Collegiate Journalists, and is a member of the Woodrow Wilson Society.

Annette also served as a junior senator on the ASA and as chairman of that body's Student Life Committee. She has participated in Singarama, Delta Na Na Na, intramural sports, has been a member of **The Babbler** staff, and has held a leadership scholarship.

While attending OVC he was a member of Alpha Sigma Tau social club, a member of the pep band and A Cappella Singers, and vice-president of the Student Government Association.

Since coming to Lipscomb, Ramsey has become a member of Gamma Xi, Mu Epsilon Delta and the American Chemical Society. He has also been involved with A Cappella and various other musical groups on campus.

DANE G. RICHARDSON, an engineering science major, is a member of Sigma Delta Pi and Tau Phi. He was a member of the Bison basketball team for three years and is a senator for the All Student Association. He is also assistant head resident of High Rise. He is from Memphis, Tennessee.

APRIL ST. JOHN, a health and physical education major from Cincinnati, Ohio, has been a member of Pi Epsilon, and has served as treasurer of the club.

She has been a member of the Lady Bison basketball team for three years as well as the women's tennis team and badminton team. She has also been involved with WDLR.

JULIE TRUE, a member of "Windsong" three years, has been a member of the A Cappella Singers, the Early Music Consort, the Jazz Band and Jazz Vocal Ensemble.

She served as Singarama hostess in 1982, participated in the 1982 Talent Show and has held two music-related scholarships. Julie, from West Palm Beach, Florida, has recorded an album and worked as an entertainer at Opryland.

JANET GAMBLE VILLAR, from Nashville, Tennessee, is a social work major, a member of Psi Alpha, and Alpha Chi Honor Society. She is also president of Pi Beta Sigma and a member of the Civinettes.

She was captain of the Lady Bison basketball team and received the most valuable player award two years. She has also been a Big Sister for two years.

DAVID BROOKS WILHELM, a biochemistry major, is athletic director for Sigma Iota Delta. He has participated in intramurals as well as Singarama. He is from Florence, Alabama.

PHYLLIS WILKERSON, an elementary education major from Pittsburgh, Pennsylvania, is social chairman of Pi Delta. She was also a non-voting member of the ASA Academic Committee.

She has been a resident assistant for three years at Elam Hall and has been involved in A Cappella, Jazz Vocal Ensemble, Pied Pipers, and Singarama. She also appeared in "The Sound of Music."

DEBRA G. WRIGHT, an English major, is also a transfer student from Ohio Valley College. While attending OVC she was a member of Sigma Epsilon Chi social club and a member of the Student Affairs Committee.

Since coming to Lipscomb, Wright has joined Sigma Tau Delta, of which she is currently secretary/treasurer, and is editor of **The Babbler**. She is from Lorain, Ohio.

Founder's Day

Joel Howell, a sophomore accounting major from Leoma, Tenn., has been named the first place winner in this year's Founder's Day oratorical competition, held Jan. 21. His speech was entitled, "Would you sign the Declaration of Independence?"

The second place winner was Tommy Haddon, an eighth quarter Bible major from Decherd, Tenn.

Third, fourth, and fifth place honors went to Paul Binford, Barry Poyner, and Doug Clayton, respectively. Binford is an eleventh quarter political science major from North Palm Beach, Fla. Poyner, a ninth quarter senior from Mayfield, Ky., is a speech major. Clayton, a senior Bible-religious education major, is from Nashville.

Anna Byrd, an eighth quarter speech major from Rockford, Tenn., was the winner of the 1983 Women's Oratorical Contest on Feb. 22.

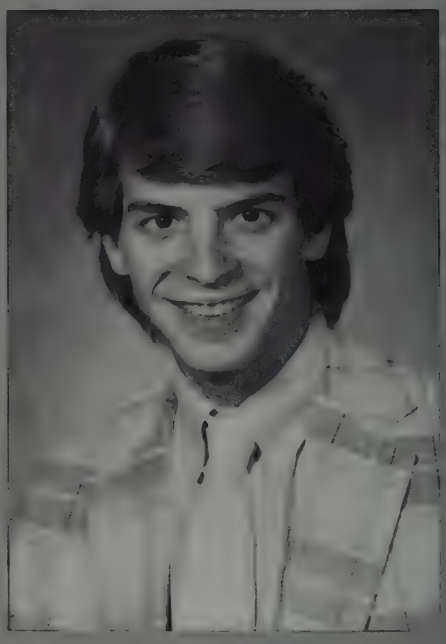

The oration was to be a speech to persuade dealing with a current theme from a Christian perspective. The seven participants spoke on topics ranging from the moral question of nuclear arms to the Christian's views concerning apathy and stress.

Serving as judges for the contest were Joy Binkley; Jean Thompson, instructor in English; and Paul Prill, assistant professor of speech communication.

Byrd received $200 for her speech concerning the importance of "looking for the Godlike qualities in all people." Nancy McDaniel won the second place prize of $100, with the third place being given to Ginger Johnson.

Songleaders' Contest

The 38th annual Songleaders' Contest was held in two rounds on April 11 and 13. The preliminary round, held on Monday, saw 17 contestants direct the A Cappella and Chorale in Alumni Auditorium. Each led two songs drawn at random from a list selected by the co-ordinator of the event, James L. Jackson, associate professor of music.

The final round was held in high school chapel on Wednesday. The five finalists, in descending order, were: Rusty Roden, a sixth quarter marketing major from Tupelo, Miss.; Kevin Montgomery, a third quarter pre-law major from Brentwood, Tenn.; Craig Lanham, a third quarter pre-dental major from Tequesta, Fla.; Daniel Clayton, a ninth quarter history major from Murray, Ky.; and Kevin Kilpatrick, a third quarter Bible major from Bessemer, Ala.

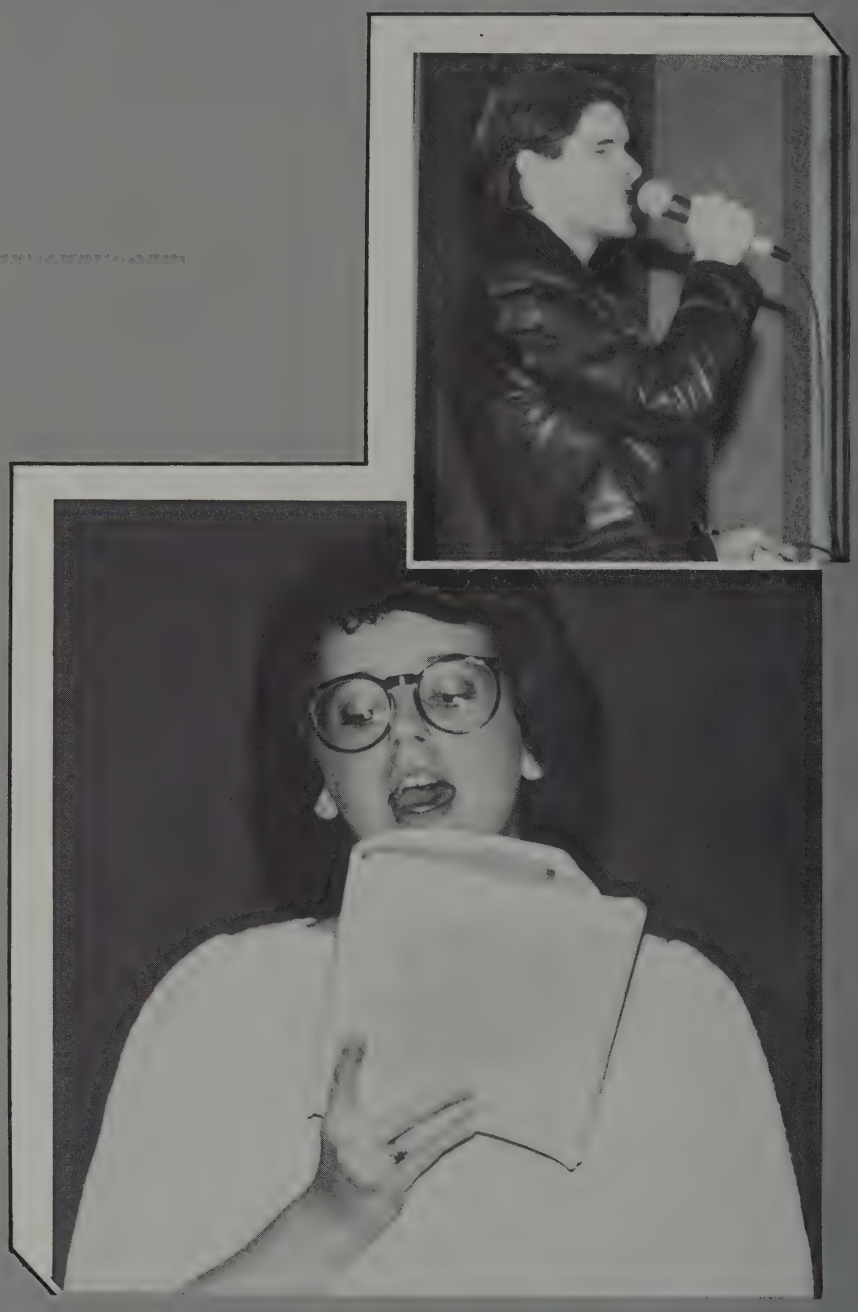

ALPHA CHI

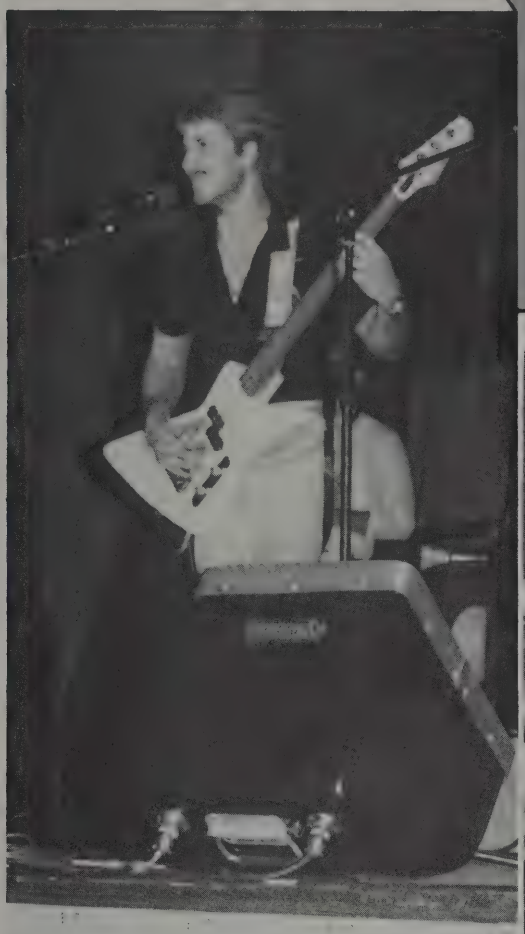

Alpha Chi, a national academic honor society, was in its second year of existence on the DLC campus. The chapter has a total of fifty-three members. The standards for induction are that a junior must be in the top five percent of his class and a senior must be in the top ten percent of his class. Lipscomb's chapter honored thirty new members this year. Also, the chapter sent a delegate to the national convention in San Antonio, Texas.

"Turn it On, North!"

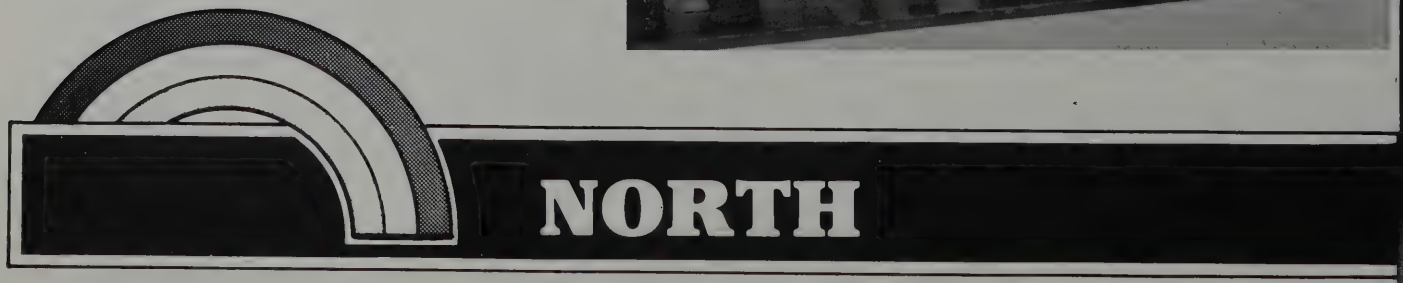

Have you ever noticed how one radio station can be the heartbeat of a city, or even that area of the country? In Detroit, W O W is the Motown sound. But when economic hard times affect the station's future, no one is more concerned than The Ford Street Academy Student Council.

Co-presidents Mary and John and deejays Detroit Dan and Candy try to "Turn It On, North!"

Mike Perry directed this group of Delta Sigma, Tau Phi, Sigma Phi, Gamma Lambda, and Omega Nu.

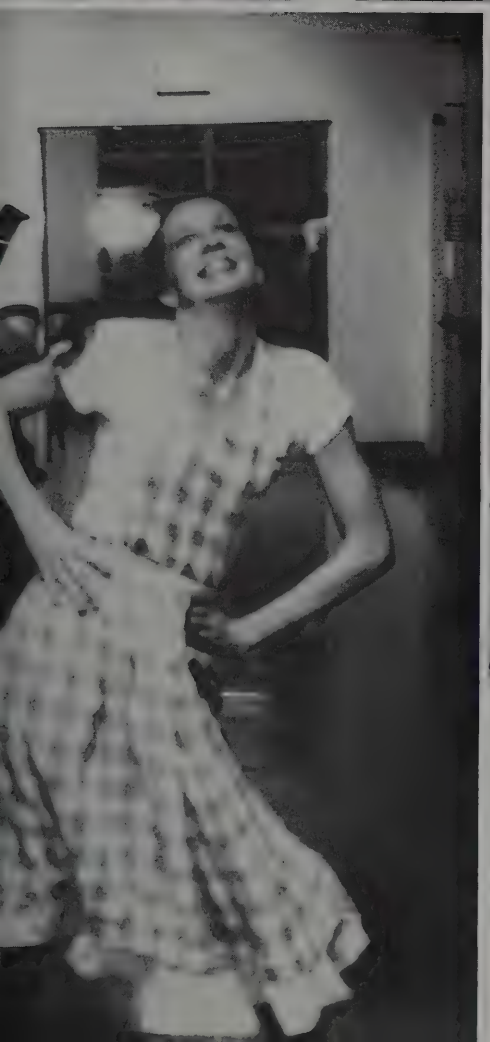

SOUTH

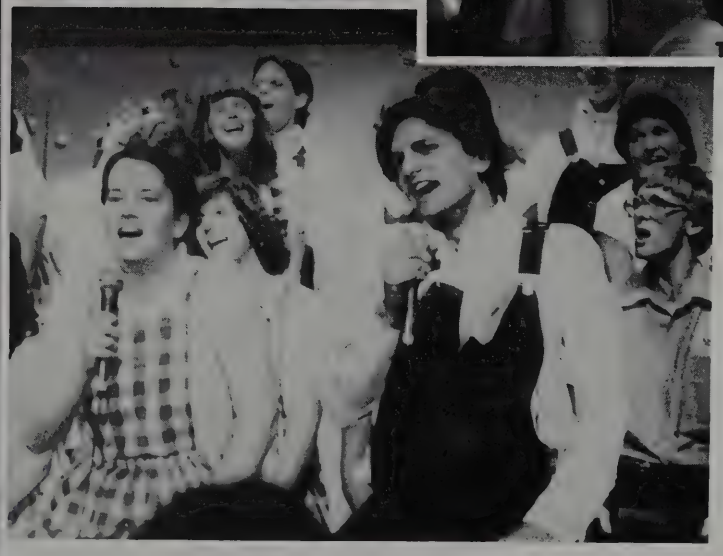

The World's Fair—A time of excitement and a place with no room for small thinking. This is the problem faced by two young Southerners whose job at a World's Fair warehouse becomes more than just a way to make a buck. They're awakened to the fact that there's more in the South than just Dixie. So, pull up a crate and enjoy a journey through the South.

Jeff Rice directed the Sweepstakes winning group composed of Sigma Iota Delta, Zeta Nu, Gamma Xi, Psi Alpha, and Alpha Sigma.

"Southern Exposure"

EAST

How does an ordinary farm seed become the "cream of the crop?" Lately, in Carney, Kansas, it seems like anything's possible. They've just sent Annie MiGruter off to her first year at Harvard University. Now, you may not think that's a very big deal, but for Carney, it's a first! She is not just launching an academic creer, but she is beginning the fulfillment of her lifelong dream. She is very apprehensive about the exciting task ahead: the challenging classes, making new friends, and especially making the folks back in Carney proud. She is ready to pursue the high goals she has set for herself. Annie MiGruter is "Movin' On Up."

David Rogers directed the East to a second place finish in the Sweepstakes. His group was made up of Sigma Chi Delta, Theta Tau, Delta Chi, Omega Chi, Delta Delta, and Pi Delta.

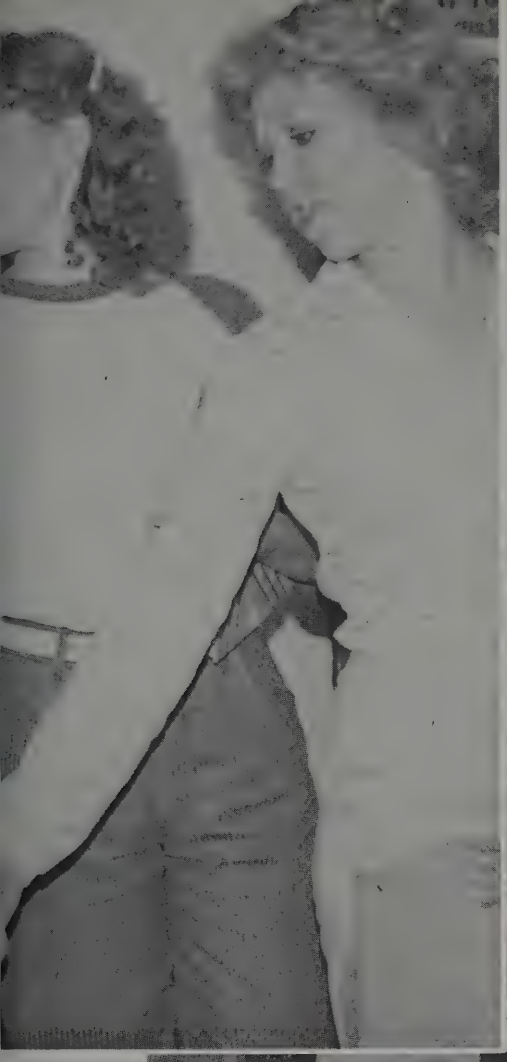

"Movin' On Up"

"The Urbane Cowboy"

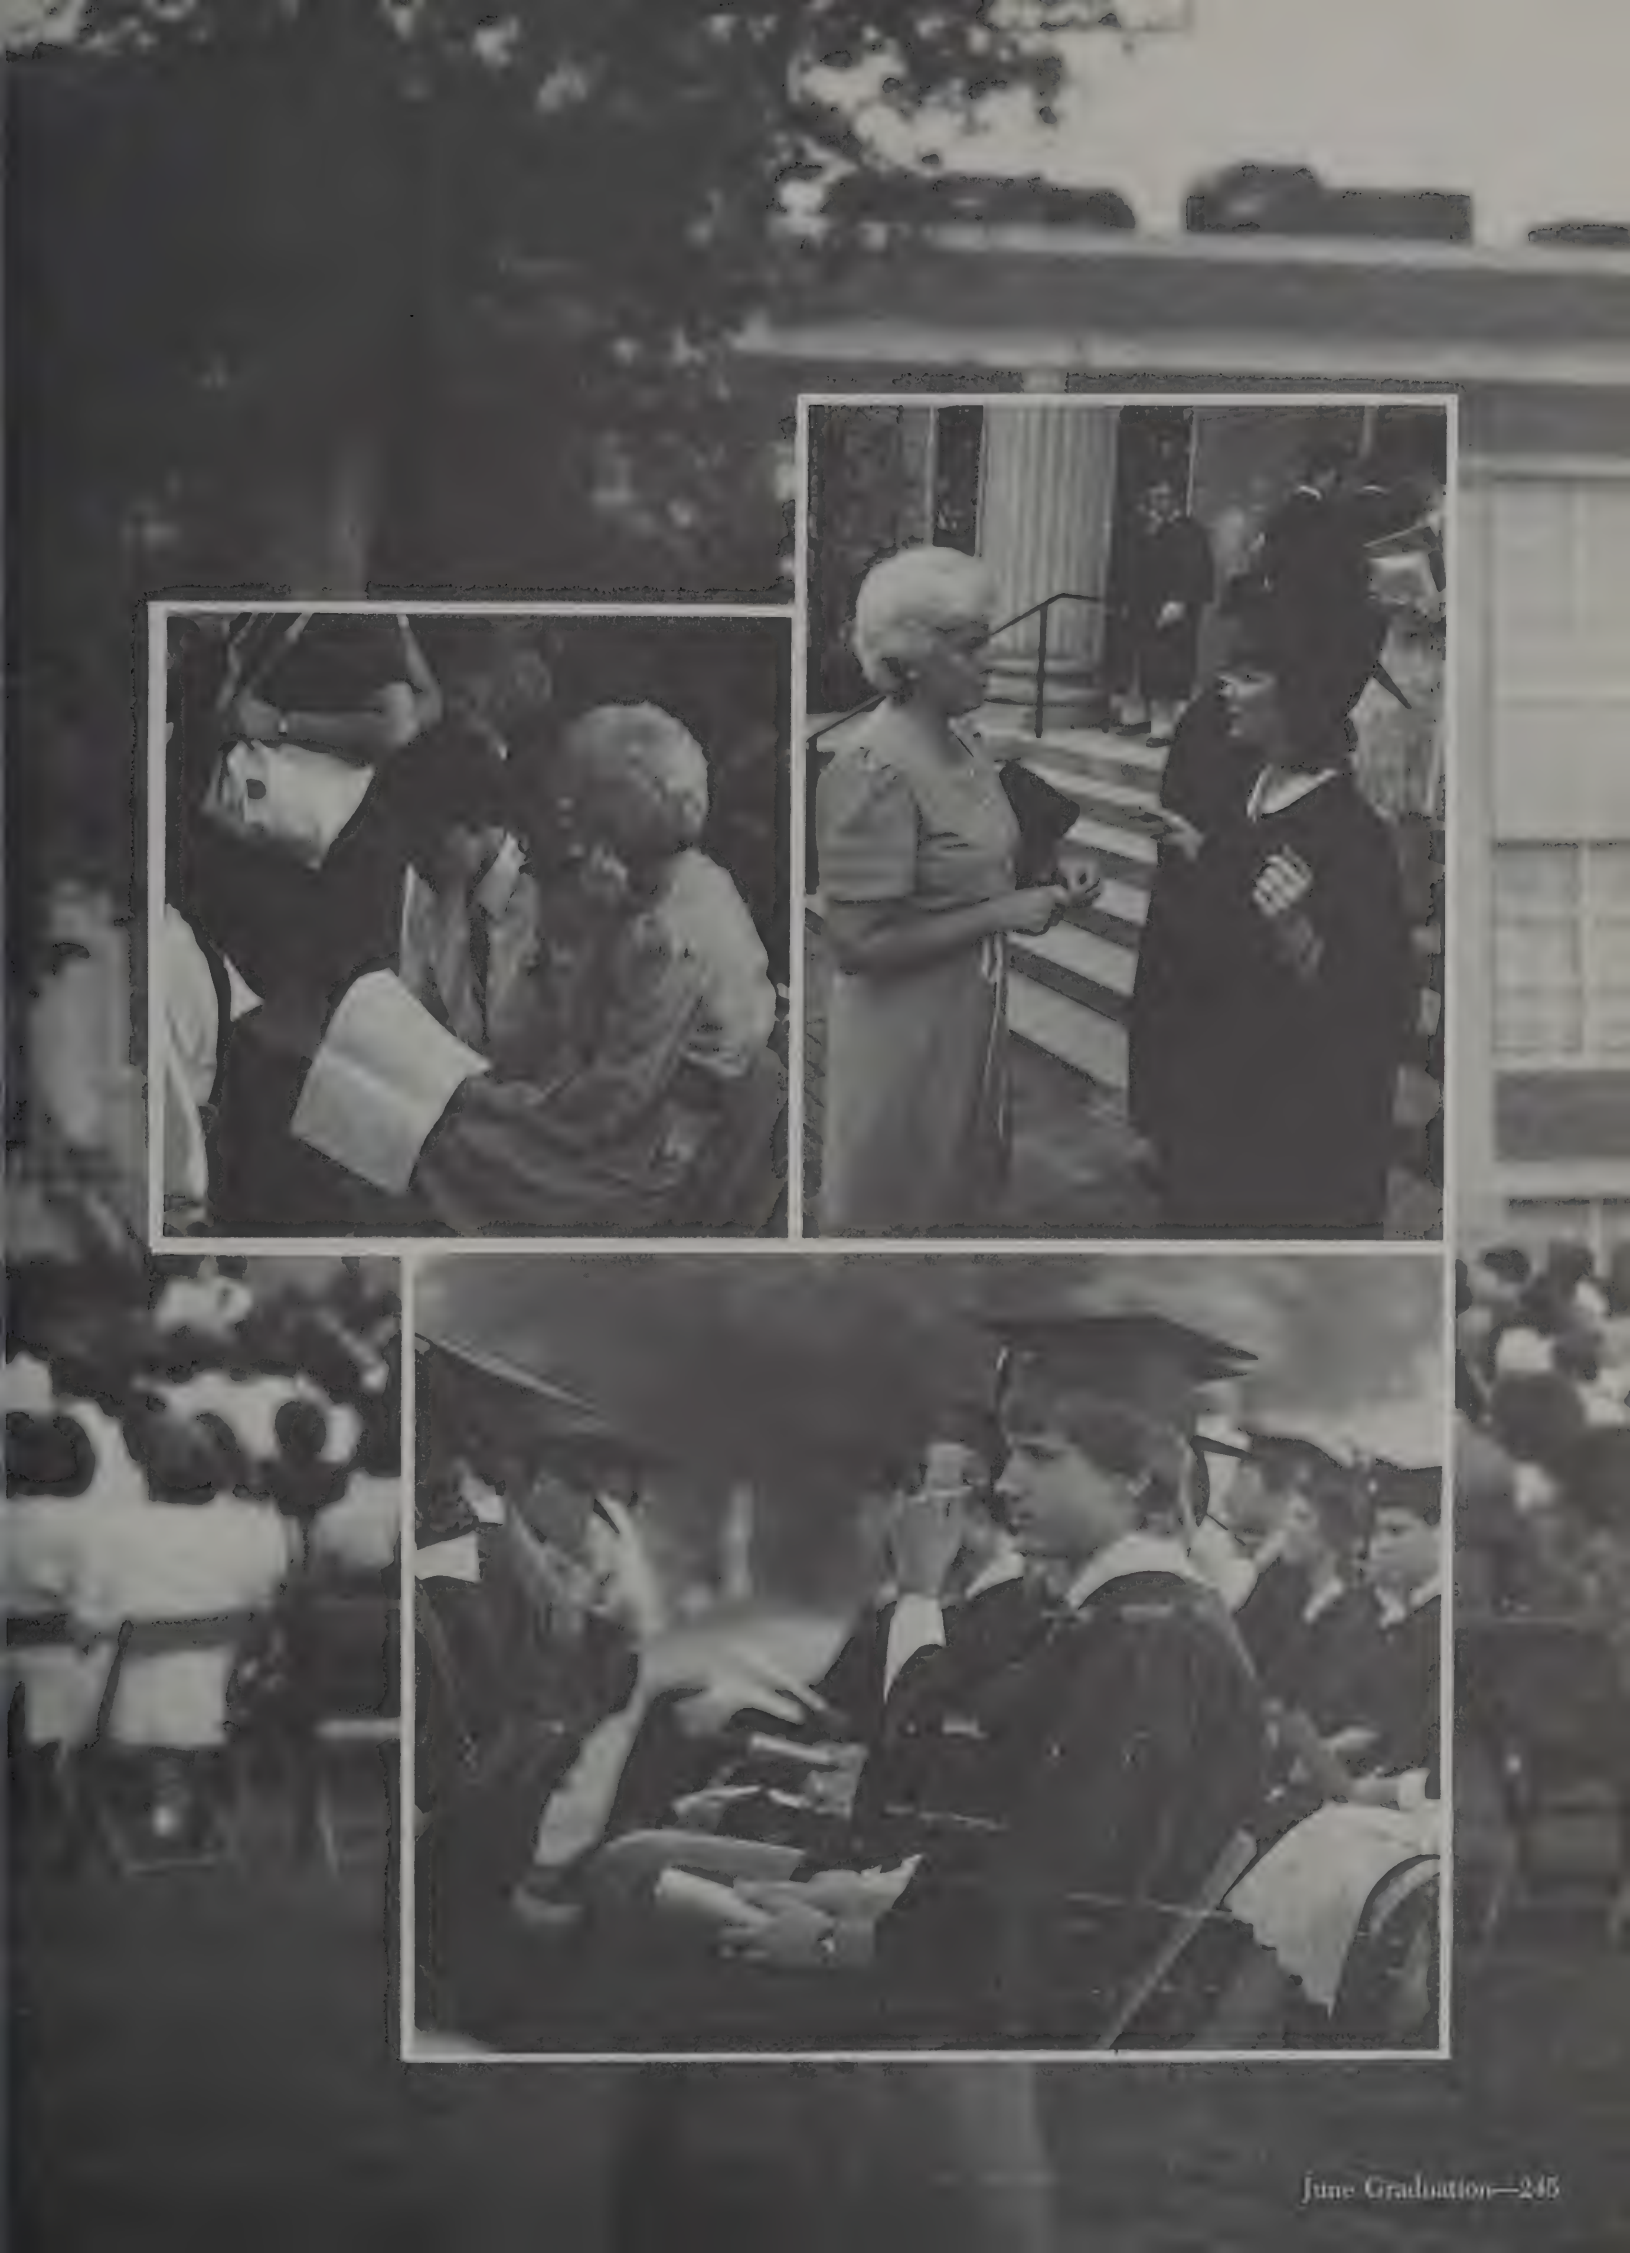

The Urbane Cowboy: An historical, hysterical revue of the wild, wild and musical West. Buffalo Bill rides again. With a blaze of glory and glamour, Bill and the Buckaroos take you on a journey through the Old West. Bill's view of history might include a few anachronisms as he introduces scenes from the past, but what do you expect from a fellow who spends a lot of time with buffaloes?

The West was composed of Phi Omega, Delta Nu, Alpha Tau, Kappa Chi, Lambda Psi, and was directed by Jackie White.

WEST

Tau Phi Cowboy Show

The song says "My Heroes Have Always Been Cowboys." Cowboys like Gene Autry, Roy Rogers, Randolph Scott, John Wayne and Tau Phi, of course.

The fourth annual Tau Phi Cowboy Show was presented Oct. 23 to a country-music loving crowd with plenty of foot-stompin', hand-clappin' and guitar-pickin'.

Host for the evening's performance was McRae Benefield. Benefield appeared on stage in a bright blue suit with plenty of rhinestones, guitars and covered wagons to dress it up a bit. His wry humor and jokes about the "boys" kept the show moving at a fast pace.

Don Williams, Willie Nelson, Waylon Jennings and Alabama couldn't attend the show but were well-represented just the same.

Jeff Piat, a Lipscomb alumnus, offered up a medley of Don Williams tunes which included "Living on Tulsa Time," "Amanda," "I Believe in Love" and "Falling Again." He also offered his version of Hank Williams' "Your Cheatin' Heart."

John Starling kept Willie and Waylon alive with his renditions of "My Heroes Have Always Been Cowboys," "Good-Hearted Woman" and "Blue Eyes Cryin' in the Rain."

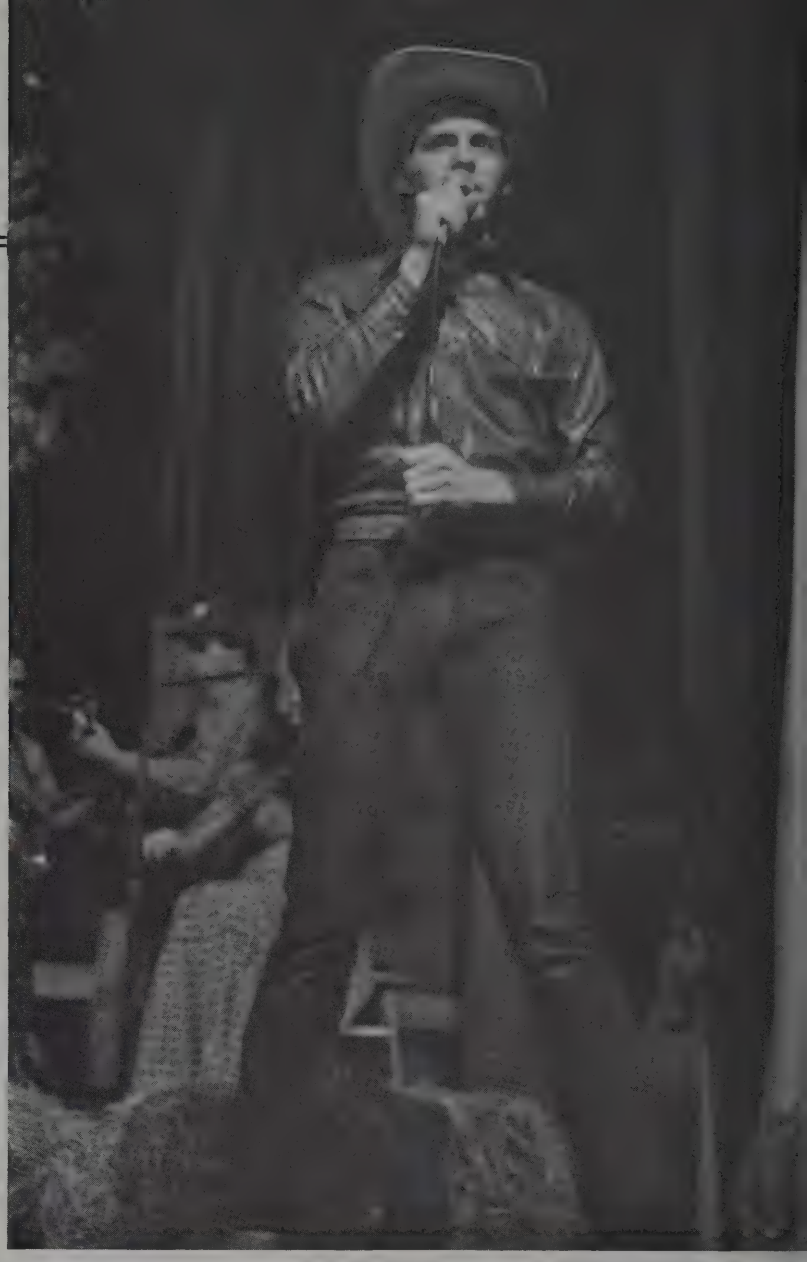

Alabama's "Love in the First Degree" and "Close Enough to Perfect" were performed by Jeff Sisk and his electric keyboard.

Other Lipscomb alumni returning to help out the cowboys were Sherilyn Harless, who sang "I Will Always Love You" and "Nobody," and Toby Smith, who joined Karin Jackson for "Don't Fall in Love with a Dreamer."

Other features of the show included a gospel quartet, The Broakridge Boys and a spirited group of square dancers.

The show ended with a rousing rendition of "Rocky Top" bringing the audience to its feet, a foot-stompin' and hand-clappin'.

BISON DAY

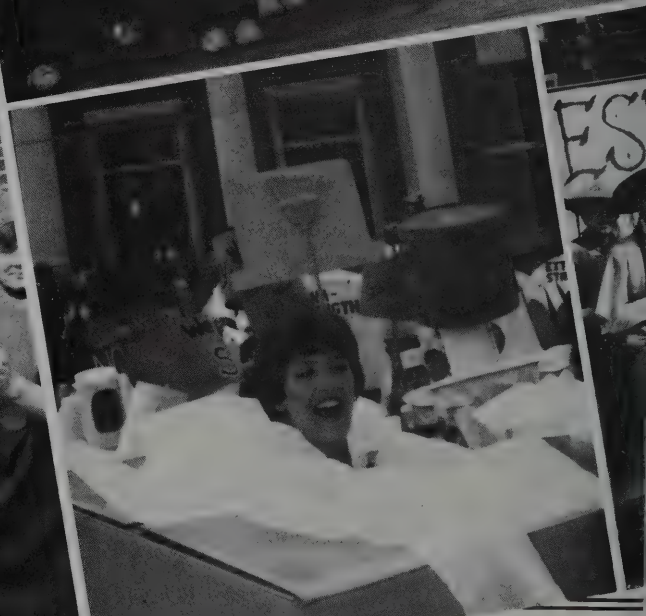

"All aboard the train to win!" "Go, Bisons, Go"

Our beloved Bison has witnessed his first Bison Day on Bison Square. His new home overlooking the square provided a choice seat for the day's activities and afforded him with the opportunity to be a part of the festivities. This year's event began November 9, 1982, with a combined Chapel service in McQuiddy Gymnasium. There, President Collins once again read the official proclamation and accepted his "gifts" from eager club representatives.

A pep rally followed on Bison Square as each energetic social club competively showed their spirit. The Omega Nu babies won the men's division along with the hearts of the spectators, while Pi Delta's victory train captured the women's honors. Later in the season openers, both the Bisons and Lady Bisons defeated their opponents from Covenant College.

Mrs. Botticelli (Jennifer Neely) as a mourner. 5. Nickles (Sam Wallace), playing the part of Satan, seeks to make "the perfect and upright man" curse God.

J.B. A PLAY IN VERSE

Archibald MacLeish's play, *J.B.*, like the Biblical story of Job on which it is closely patterned, rejects the common theory that blessings are rewards for virtue and evils are punishments for sin.

The action of the play shifts between the events of J.B.'s life and the conversations between Zuss and Nickles in which J.B.'s prosperity, suffering, and religious response are passionately analyzed. Both Zuss and Nickles are failed actors working as circus vendors, and when they come upon a stage arranged for a performance of *J.B.* they cannot resist playing the parts of God and Satan. From this position they enter into the play within a play, often stepping out of character to comment on the events that are magically enacted before them.

THE MUSIC MAN

BY

Meredith Willson

The Music Man, presented on Feb. 1, 3, 4, and 5, was an enjoyable production of this old classic. The lead roles, Marian Paroo and Harold Hill, were doublecast, with Melanie Loyd and Gary Southerland performing on Tuesday and Friday and Emily Lester and David Gant performing on Thursday and Saturday.

Generally, the show was well-performed and pleasant to view. The first town scene, featuring "Iowa Stubborn," was especially well-staged. The colors of the backdrop and costumes blended beautifully, and frozen stage pictures were very effective.

Another delightful moment in both performances was Marian's rendition of "My White Knight." Both Loyd and Lester performed the number with feeling and musical integrity.

The chorus performances and those of the character actors were consistent all evenings. Especially noteworthy was the comedic pairing of Sam Wallace and Leslie Hallford in the roles of Marcellus Washburn and Ethel Toffelmeier. Both are excellent character performers. Anna Byrd and Mark Hayes also worked well together as Mayor and Eulalie McKechnie Shinn. Karen Bowen's performance as Mrs. Paroo, complete with a wonderful Irish accent, was quite enjoyable.

The appearances of the school board quartet, consisting of Rick Roach, Derrick Dishner, Robin Kendrick, and Daniel Walker, was very effective comedically.

Tom Kidd's choreography for the musical was excellent throughout, but especially on "Marian the Librarian" and "Shipoopi." Both numbers were well-conceived and well-executed.

The Music Man was a very enjoyable presentation. There were excellent individual performances, and the overall effect was very good.

Delta Na Na Na

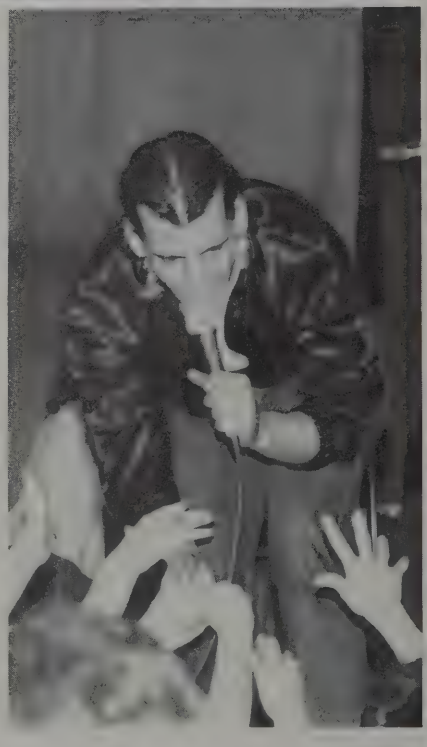

The eleventh annual Delta Na Na Na, presented Feb. 18 to a packed house in Alumni Auditorium, entertained its audience musically and comedically. Preparation for the show was evidently extensive. Especially effective were the lighting effects and the introductory screen sequence. But, as usual, the main emphasis of Delta Na Na Na was its music.

Generally the musical performances were quite good. The band was excellent—Kent Ramsey, Monty Powell, Richard Craig, Mark Fulford, Mike Poultta, Toby Smith and Kerry Roberts combined their talents to provide a cushion of sound for soloists and occasionally soloed themselves. Indeed, the "Peter Gunn" segment was perhaps the evening's finest musical effort.

Solo performances by Terry Burgess and Kevin Thomas were exceptionally good. These are talented musical artists, and their expertise set the high tone of the concert.

An Evening of Comedy

a cutting from

Barefoot in the Park

Neil Simon is perhaps one of America's best-loved writers of comedy. **Barefoot in the Park** is a full-length play concerning the lives of newlywed couple Paul and Corrie Bratter. Paul is a rather serious, though aspiring, young lawyer and Corrie is his ever fun-loving wife. She has just arranged for Victor Velasco, a rather eccentric gentleman who lives in the loft apartment above them, to escort home her mother, a very conservative woman prone to stomach ulcers. She is quite pleased with her matchmaking. Unfortunately, Paul does not seem to share her enthusiasm.

The Actor's Nightmare

Perhaps the most common fear among actors is that of not knowing the lines of the script—of being caught on stage totally unprepared. George Spelvin (an antiquated theatre term meaning "understudy") is a young accountant who suddenly finds himself filling in for the legendary Edwin Boothe. He is not familiar with any of the plays and cannot even remember attending a single rehearsal. What transpires is rather embarrassing, often funny, and very representative of the genre of black comedy.

Adventureland

Think for a moment . . . think back to a time when your favorite time of the day was just before bedtime; that special time when "Daddy" read to you from tales of heroism, camaraderie, mischief, and most of all, adventure. "Join us" as we recall some of those familiar tales of childhood adventure. "Join us, we've got magic to do!"

Gary Southerland directed this group composed of Gamma Xi, Delta Sigma, Lambda Psi, and Psi Alpha.

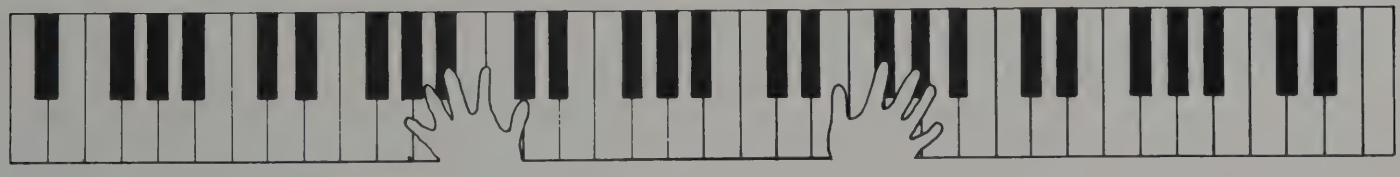

Several years ago the sea and all of its wonders were Jason's life. But one foggy night while he and his parents were in their boat "The Woodenshoe," a tragic accident took his parents' lives. Since then Jason has completely withdrawn from the sea, and his emotions have caused him to lose the ability to speak.

At his 21st birthday party, with the help of his grandmother, Jason enters the world of fantasy, learning about a voice and a life that he has deserted. Come sail away with Jason into his fantasies and see what they hold in store for him!

Russ Gough directed his group of Pi Delta, Phi Omega, Delta Nu, Sigma Iota Delta and Alpha Sigma to a second place finish in the Sweepstakes.

Fantasyland

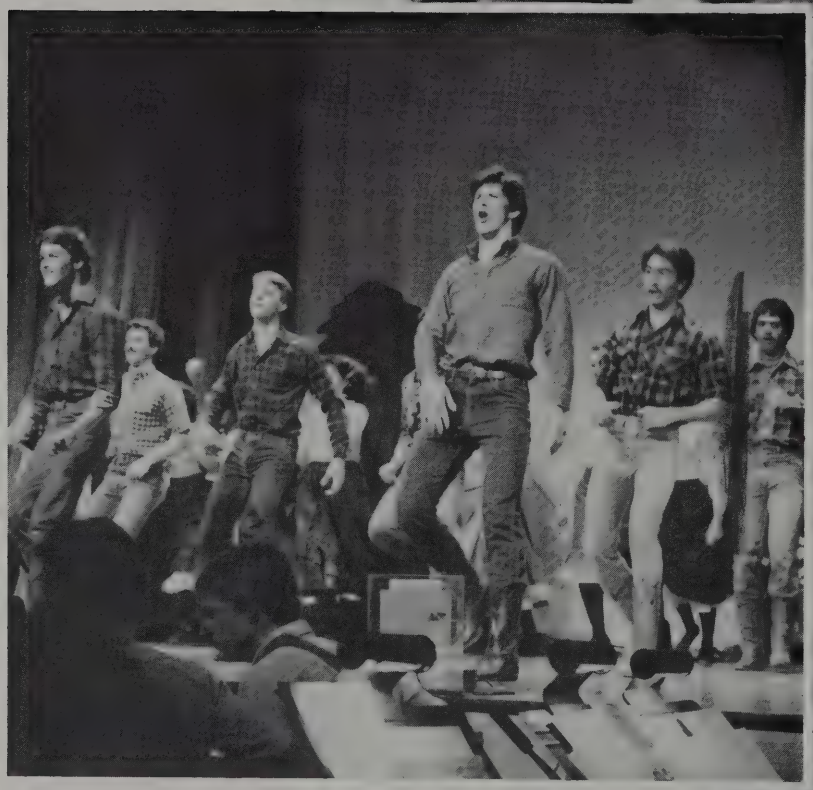

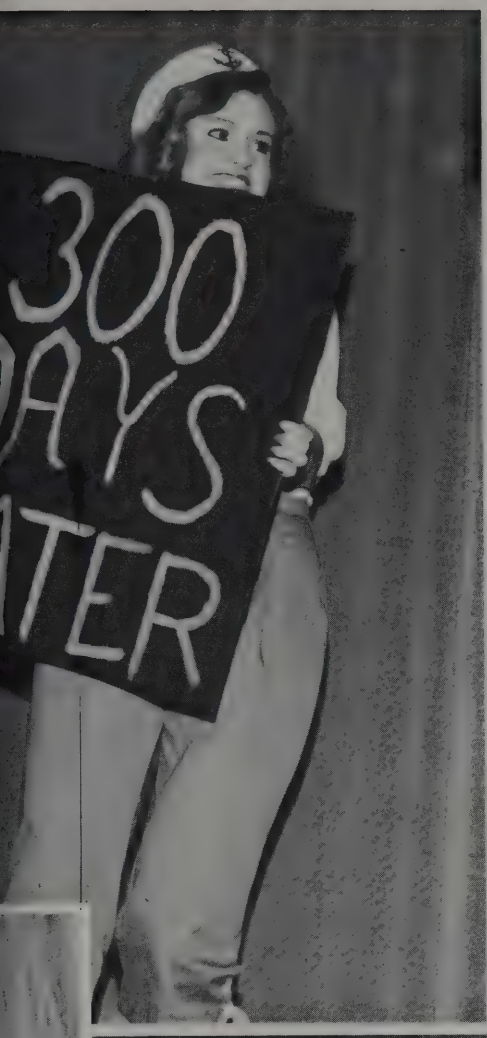

Frontierland

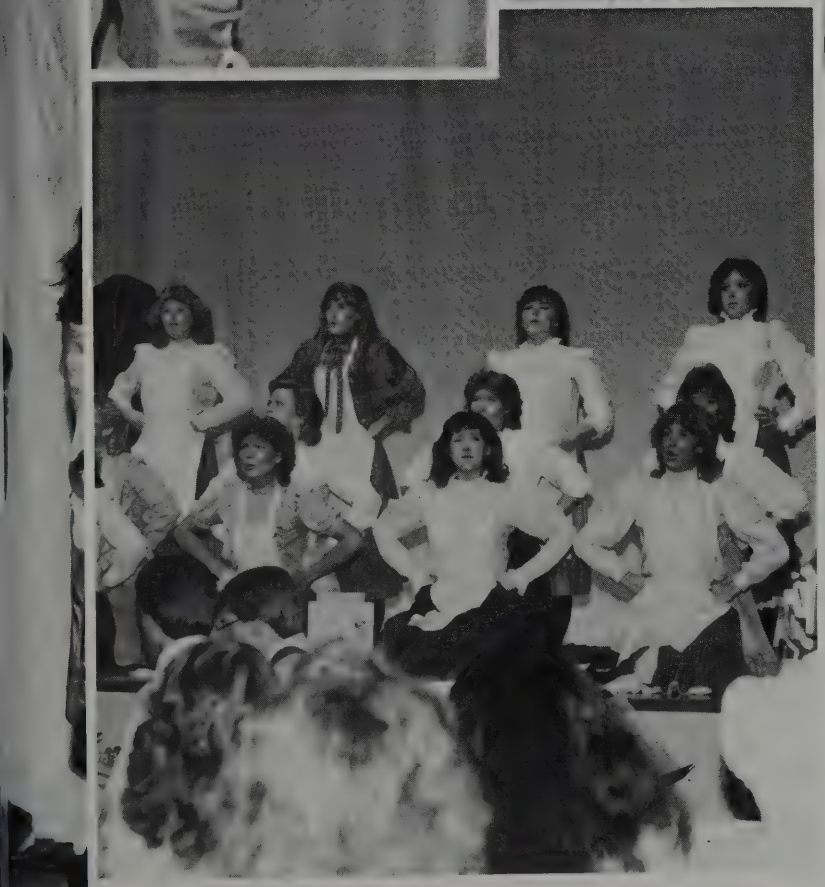

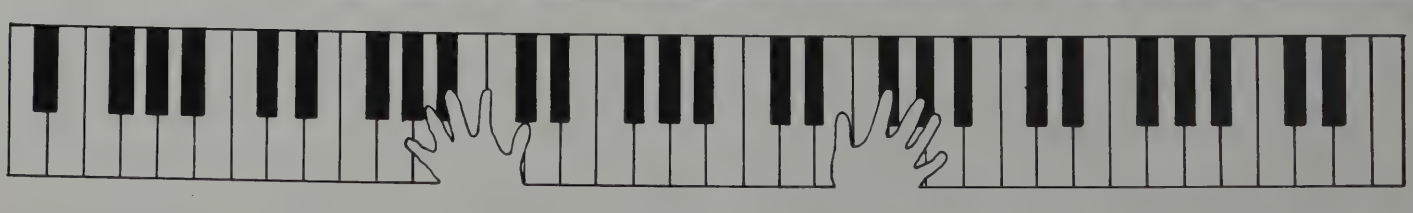

Frontierland takes on many dimensions as in the frontier on sea, on land, and in space. Join us as we take a look at the frontiers of yesterday, today, and tomorrow. We could never picture one certain "frontierland" but only classify it as an impossible dream.

John Balentine directed this group of Gamma Lambda, Kappa Chi, Sigma Chi Delta, Sigma Phi, and Tau Phi to win the 1983 Sweepstakes.

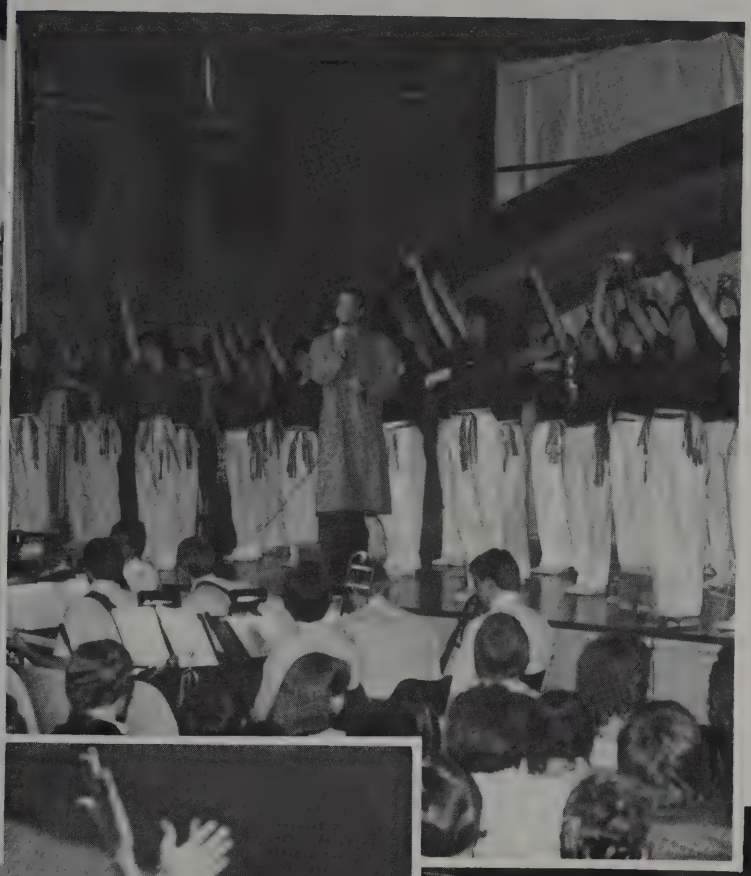

Tomorrowland

There seem to be two kinds of people in the world, those with good attitudes toward life and those with bad. It's not easy to convince a group of pessimists that the sun will come up tomorrow and that there is reason to live. But eventually our happy optimists make everyone realize that tomorrow is a better day.

Mark Hayes was the director of Tomorrowland. His group consisted of Delta Delta, Omega Chi, Zeta Nu, Theta Tau, Alpha Tau, and Omega Nu.

In Memory Of Our Friends And Their Friendship

Poems by Kaye Avrit and Ted Morris

There are two basic things in life which make it worth living: salvation through obedience to Christ and service to mankind. In the everyday routines that often surround people's lives, it is easy to become disheartened and discouraged with the struggle of life. Sometimes it seems as though we face walls on every side. Problems arise, trivial details become immovable mountains and dreams often slip away leaving behind the hurt of a hope that's dead. Yet, even in the midst of the hardest trials, a faithful undying trust in a crucified, but risen Savior who sees and feels every tear somehow carries us through the times when we think the clouds will block the sun forever. In addition to this, are the comforts of having true, loving friends who love you for who you are and often in spite of who you are. Regardless of how many times you hurt and disappoint them, they smile and you know that it's all right because they love you. They hold a hand, often to have it pushed aside, and extend it again to clasp yours with warmth and love. They love you at your best, but more importantly, they continue to love you even when you are most unlovable. Their love is always there, and they never turn their backs on you, no matter how dark the night may get. They cover you with the warmth of sunshine of their love. It is my good fortune to be closely acquainted with people who exemplify these qualities and to you, my friends, I dedicate this writing. Expressing true feelings is not easy, but I thank you for being just this type of friend. My life is better for having known you, and I would not want to face tomorrow without you.

There are certain people in this world who make others' lives special just by being in it. People who have unique qualities that endear them to others. People who constantly give to others as naturally as they breathe. People who make true and loyal friends—friends for life. I've known such friends. Friends who make life a joy and make even the rough times unimportant. Friends who stand by you no matter what happens. Friends whose love surrounds you like sunshine and leaves you with the peace of mountains because they are as dependable and as immovable as mountains.

Friendship

Friends are people who come dime a dozen, right? I mean—they come and go and they make your life pleasant for a while and then they move on.

Sometimes I treat my friends like that and I forget just how essential they are to me. I forget just how much I depend on them. I forget to remember that I really need them more than they need me. Because friends aren't just things or people to hang around with—a friend is:

—one who laughs with you when you feel like laughing
—one who you can talk to about anything that is on your mind
—one who sits by you on your darkest days, shares your tears, and tells you that it *is* worth the trouble after all
—one who fills your days with happiness
—one who keeps on loving you and caring even when you do not deserve it

How do I know that friends are like this? Because I am surrounded by wonderful friends who exhibit these qualities every day in their attitudes toward me. Because of them I remember wonderful happy days, days when we laughed, days when we felt the pain of living through tears, days when we were silent and days when we were glad to be alive! Life would not ever be the same without the strength and love of my friends.

When life's tide has turned against you,
And you're feeling low,
When you're drowning in your sorrow,
And don't know where to go,
I will be there waiting to aid you
In some way,
Just call on me and I'll be there
To help you make it through the day.

A smile, a laugh, a tear
A friend for all the years

Memories of happy, carefree days
Memories of other less joyful ways

But through it all—happy or sad
I've always been more than glad—

And it's important to say
That you've given me more than I could ever repay

You'll always be a special friend
That no time or distance could ever end.

PARTING SHOTS

We are all individuals with varying interests, yet we are united by a common bond and are working together to build a future.
